AUDITORS' REPORT AND CERTIFICATE

Your Auditors wish to express their appreciation for the courtesy and cooperation shown by the Town and Town School District Officers.

Due to the death of our experienced Town Clerk and Treasurer, Wilfred E. Cassidy, the reconciliation of the totals with the breakdowns of accounts was difficult and time consuming. His experience with the accounting procedures used by the Town and his knowledge of the location of vouchers and records was of inestimable value to the Auditors in previous years.

The special examination of the town accounts by representatives of the office of the State Auditor of Accounts, as arranged for by the Selectmen proved of considerable value to your Auditors and should result in improved procedures in the Town accounting system.

In accordance with Title 24, Sections 1578 and 1681, we have verified the existence of stated balances, inspected all securities, and examined the records and accounts of the Town and Town School District Officers, including the accounts and records of the late Wilfred E. Cassidy.

To the best of our knowledge, the following financial statements and reports of receipts and expenditures present the financial position of the Town and Town School District as of December 31, 1962, and are an accurate record of the funds handled in the year then ended.

JAMES K. MITCHELL,

EDNA P. BLAISDELL,

ROY A. BURROUGHS,

Auditors.

----------	------------	------------

NOTE: Highway Equipment Debt is being reduced by \$1,500.00 per year plus interest. Fire Equipment Debt is being reduced by approximately \$1,200.00 per year. The Florence Bridge bill was submitted by the State early in 1963 in the amount of \$18,489.86. The amount which has been accumulating will leave a balance of \$12,160.76. The plan is to reduce the balance by \$2,000.00 per year, including interest, until paid.

The Lothrop remodeling and addition, starting May 1, 1962, is to be reduced at the rate of \$6,000.00 per year plus interest until May 1, 1966, and thereafter at the rate of \$5,000.00 per year, plus interest until May 1, 1981.

STATEMENT OF ROAD COMMISSIONER

The following Highway Budget for the calendar year 1963 is recommended to the taxpayers of the Town for their approval.

1. Winter Maintenance	\$8,000.00
2. Summer Maintenance	3,500.00
3. Match Money	4,500.00

Unfortunately, we ran over our summer budget by \$10,548.24. Consequently, the amounts in the budget are cut for 1963.

Winter Work—This was a hard winter and there were also three sand piles put up. The last one was in November of 1962. There were 1,500 yards at a cost to the town of \$.89 1/2 per yard.

Summer Work—There was a wind storm and it cost the town about \$1,500 to clean the roads and clean up the trees. Also, we had a chance to get the Calcamine leavings from the Vermarco Lime Company at \$1.00 per load. So we fixed Town Hill and Camp Sangamon Road where it needed to be done. We had to ditch the Hitchcock Road and Jackson Hill to turn the water into the ditches. Maintenance was high on account of dry weather.

Three five foot culverts were put in to replace the wooden bridges.

There is \$400 spent on Furnace Road project which will not be completed until 1963.

We also cut down thirty diseased elm trees and drew them away.

HIGHWAY MILEAGE WITHIN THE TOWN

STATE HIGHWAYS—U. S. #7	6.22 Miles
State Highway #3	2.85 Miles
	9.07 Miles

The State Highway Department does all work on these roads. The State Highway tax shown in the Selectmen's account pays Pittsford's share of this work.

STATE AID HIGHWAYS	18.92 Miles
--------------------	-------------

These are highways within the town, designated as State Aid Highways by the State Highway Board. The State participates in the construction and maintenance of these roads under the supervision of the District Highway Engineer and the Selectmen.

TOWN HIGHWAYS	37.91 Miles
---------------	-------------

All other legally laid out highways within the town come within this classification. Town road money is spent primarily on these roads. The State, under the supervision of the District Highway Engineer and the Selectmen, participates in the construction and maintenance of these roads.

NOTE: These highway mileages apply for the year 1963. As of January 1963, the portion of U. S. #7 from the Mills Bridge to the Plains Road has been removed from the State Highway System and reverts to the Town as a State Aid Highway.

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This twenty-seventh in the series of annual reports submitted to the people of Pittsford presents tabulations for the calendar year 1962. In the Department of Social Welfare's programs of assistance to the aged, blind and disabled 30% of the costs of hospital and physician services, as well as the excess over \$75.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$1,794.45
Hospitalization Services	327.73
Physician Services	29.10

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$402.92 and for the latter \$982.18 for the year just closed.

During April, 1962 there were 25 recipients of Old Age Assistance, and 1 recipient of Aid to the Permanently and Totally Disabled residing in your community. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and the recently inaugurated Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
Commissioner of Social Welfare.

1962 FIRE DEPARTMENT REPORT

The Pittsford Fire Department answered a total of 52 alarms during 1962, which is the largest number of calls in one year since organized. Fortunately, however the fire loss is the smallest in quite a few years. Twelve hundred and fifty man hours were spent on these calls.

During the year it was necessary for this department to purchase a new emergency truck. Under the supervision and recommendation of the Selectmen and a committee of Fire Department members, a new 1962 three-quarter ton Chevrolet pick-up truck was purchased and equipped.

This truck was paid for in full out of this year's operating expenses along with money received from out of town fires, and a gift of over \$500.00 from the members of the Nickwackett Hose Company.

However, because of the new truck, it was necessary to postpone purchasing needed equipment, which is the reason for the increase in our proposed 1963 budget.

In 1962, we found it necessary to do work on our horn and alarm system, which cost about \$300.00, and more work is anticipated for this coming year.

This year we lost a very valuable member of our Fire Department. Miss Anna Whittemore was one of our original telephone operators, and for many years did a splendid job for this department.

Several calls were answered this year to assist people who needed oxygen. It should be noted that anyone needing this free service should call 483-2823. Do not call individual firemen.

It should also be noted that there are one or two changes in the fire signals, which will be found in the back of this town report.

When calling to report a fire, be sure to give your name, your sector number and where you live. If you do not know your number, contact the chief immediately. This number is important in dispatching fire trucks and men.

REPORT OF FOREST FIRE WARDEN

1962

There were three forest fires this year at the cost of \$227.50. The State reimbursed the Town \$117.75. The Fire Warden purchased \$262.05 worth of equipment and of this amount received \$50.00 reimbursement from the State.

The three-quarter ton pick-up truck which has been made over into a grass and forest fire truck has been very successful and a booster reel has been added.

The citizens of the Town are reminded that "Permits to Burn" are required at all times except when snow is on the ground at all locations which are within 200 feet of inflammable plant material which touches or adjoins woodlands.

Burning can be done at any time without a permit in an incinerator approved by the fire warden except when ban is on.

Anyone wishing a permit may call 483-2348 and I will be glad to give him a permit if possible.

JOHN F. KEITH,

Fire Warden.

REPORT OF THE MACLURE LIBRARY ASSOCIATION FOR 1962

We are especially grateful to the members of the Otter Valley Home Demonstration Club, which disbanded during the past year, and gave us the balance of their treasury of \$76.58. This money is being used at their request to purchase additional books for the younger children.

Our summer film and reading program was again a success this year with an average of fifty-five children participating. We were aided in this program by two Girl Scouts—Nancy Hennessey and Elizabeth O'Neil.

The sound projector which has been loaned to us in past summers will not be available, and to continue this important program, we should plan the purchase of a sound projector. This will require a special fund, as our regular budget will not permit this purchase, since we are considering additional shelving to relieve overcrowding in the Children's Room.

Several persons have donated books to the library this past year, some in memory of deceased persons. More of you may wish to adopt this practice. As usual, we are grateful to the Belcher Family for "Colburn Fund" purchases. Books particularly adapted for high school students were chosen.

The library sponsored an Art Exhibition, showing twenty-two paintings by local artists. This exhibition was well attended by the public. In charge were Mrs. Jack Terwilliger, Miss Shirley Sird, Mrs. Amy McKenzie, Mrs. Marguerite Whitney and Mr. and Mrs. A. L. Dunphy. The Senior Citizens were hostesses for this program.

The library is coordinating with the Lothrop School on a new program, whereby the students come to the library in class groups and select their own books.

The library showed an increase of 4,524 books over the 1961 circulation, a total of 17,172 books.

We urge more citizens of Pittsford to join the MacLure Library Association (lifetime dues, \$5.00) so as to broaden the membership and assist in the support of the library programs.

HEALTH OFFICER'S REPORT**1962**

10 Cases Measles

5 Cases Chicken Pox

The above report indicates that the Town has been relatively free from serious diseases during the year 1962.

The Proctor-Pittsford Dump just north of the Proctor Town line on State Route 3 is maintained for the use of the townspeople. Covering trucks and containers used to transport waste materials should help in cutting down on littering and contribute to good health for the area.

Respectfully submitted,

THOMAS B. KEITH,

Health Officer.

VERMONT STATE DEPARTMENT OF HEALTH

ANNUAL TOWN REPORT, 1962

The following health services were available from State-Federal tax money and local voluntary contribution to protect the health of the people of Pittsford, along with the people of the other towns and cities in Vermont. A tabulation of the principal State Health Department services which the residents of your town used last year* follows:

With the aim of keeping children well and helping handicapped children, well-child and school conferences were attended by 391 children. Nutrition and dietary consultations numbered 3. At the request of attending doctors, 23 children with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children and 1 was given financial aid toward hospitalization costs.

In the effort to control communicable disease 27 persons received chest x-rays; 235 children received immunizations, including boosters, against diphtheria, whooping cough and/or tetanus. Polio immunizations, including boosters, were given 329 children and adults in clinics and conferences. The state laboratory performed tests on 28 water samples, 184 blood specimens and 38 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

There were 57 sanitary inspections or consultations made at the town's food and lodging places and 12 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation. In connection with the state licensing program and the Hill-Burton federal aid program for hospital and medical facility construction there were 3 inspections-consultations to hospitals, nursing homes and homes for the aged.

Mental health services by guidance clinics through educational meetings or consultations, were received by 2 persons and groups. Individual interviews with the psychiatrist, psychologist

or psychiatric social worker were given 8. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

In cancer work 3 received diagnosis and treatment at tumor clinics or were financially helped with hospitalization costs.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available.

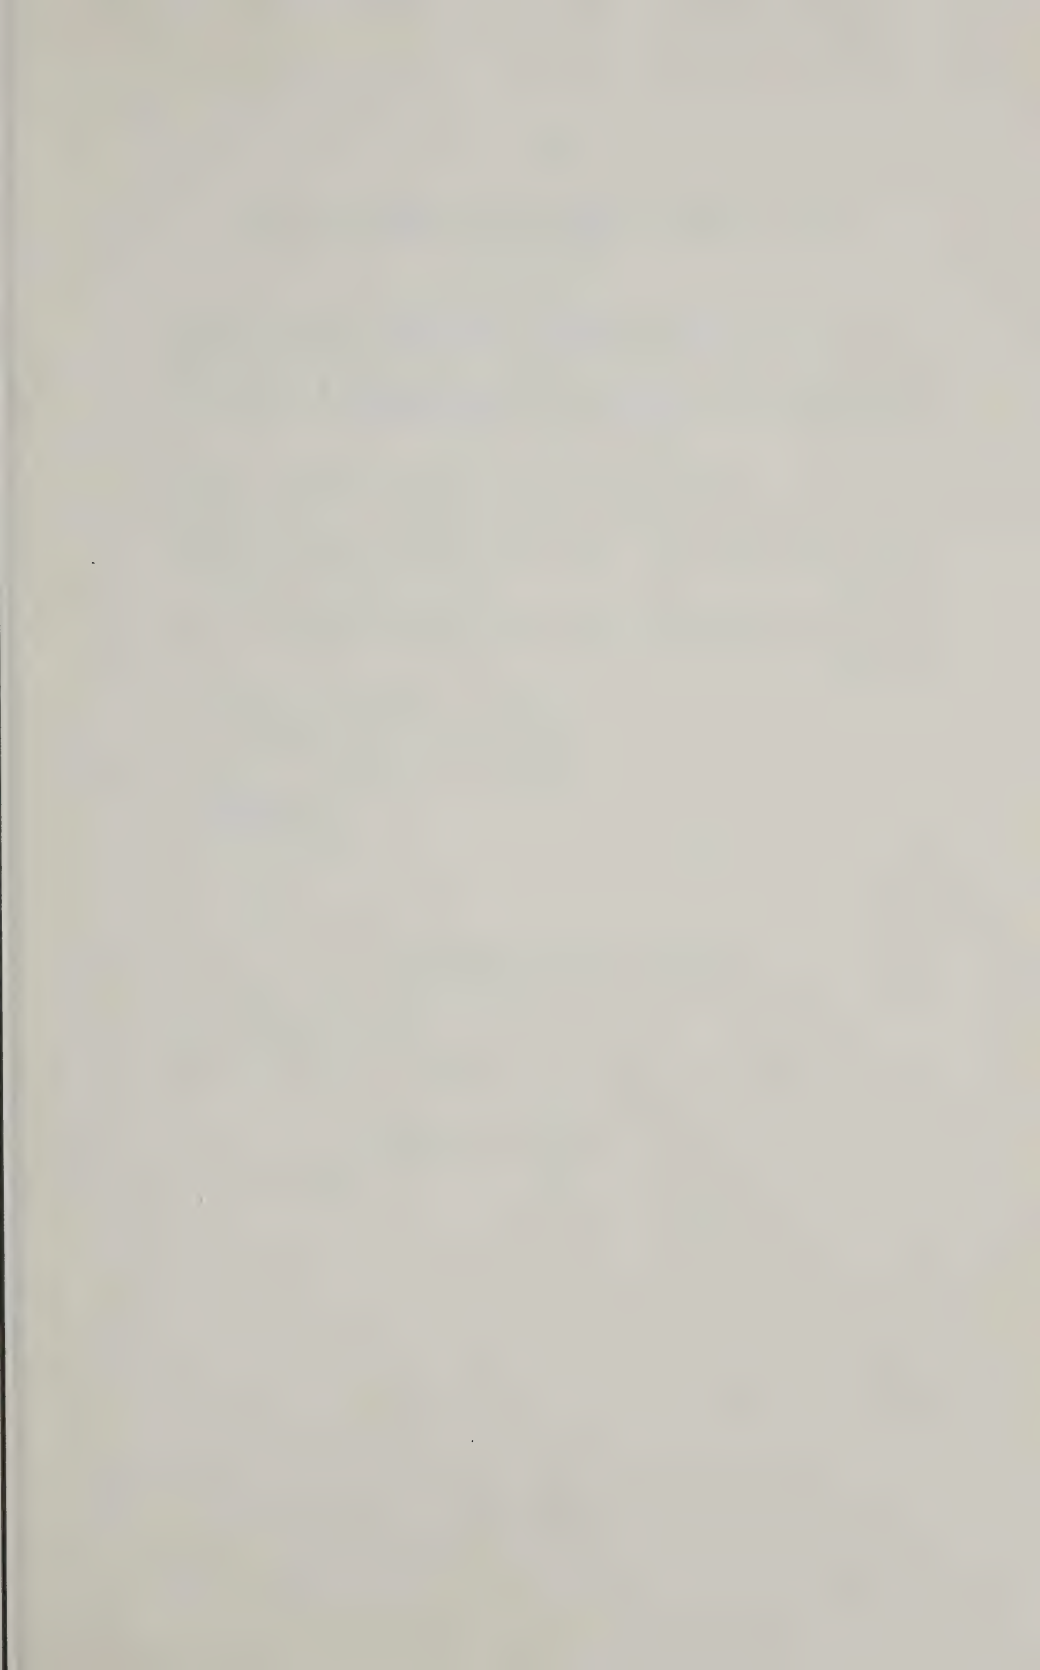

The public health nurse served at well-child and school conferences, x-ray and immunization clinics, assisted by local people. She visited homes, doctors, and agencies, making 304 visits on behalf of 93 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.

Commissioner of Health.

*To show the amount of services and have this available by the time your town report is prepared we have tabulated most of our services in the 12 month period ending September 30, although some are in the fiscal year ending June 30th.

REPORT OF TRUSTEES OF PUBLIC FUNDS

The sum of \$2,600 of the fund bequeathed to the Town of Pittsford by Emma Burditt Pinney is deposited in the Rutland Savings Bank. The balance of \$7,500 is invested in United States Government H Bonds maturing January 1, 1972.

Interest of \$146.25 and accrued interest of \$2,500 on United States Government E Bonds cashed on January 1, 1962 was paid to the school account in accord with the terms of the bequest.

A fund of \$178.56 is held in the Savings Department of the First Brandon National Bank for Clarissa Estabrook.

PITTSFORD TOWN SCHOOL DISTRICT**Pittsford, Vermont**

We hereby submit the 1962 Directors' Report to the Town School District:

We wish to thank the directors of the Maclure Library and the librarian for their cooperation in making it possible for the elementary pupils of Pittsford to use the library during school time. In this program the pupils are taught how to use the library and encouraged to borrow books. We hope to foster and encourage the habit of reading because only by becoming good readers can our young people develop their abilities to the greatest extent possible.

The new rooms in the addition and the remodelled rooms in the Lothrop Building are proving to be functional and very comfortable. In keeping with these very satisfactory quarters, we are gradually improving our program to better meet the needs of the pupils. This program will dovetail into the program being offered at Otter Valley Union High School.

We hope the parents will encourage their children to read and study at home because we must be more rigorous if we are to compete with other nations.

Your school board is very appreciative of the cooperation of the faculty, parents, staff, parents' groups and others.

Respectfully submitted,

ALOF CARLSON, Chairman
PERLE J. PARKER, Member

MRS. CLARENCE GREENO, Agent

THE FREDERIC DUCLOS BARSTOW MEMORIAL SCHOOL

The Barstow Joint Board herewith submits its annual report to the citizens of Chittenden, Mendon and Pittsford.

The Chairman of the Joint Board for 1962-1963 is Mr. Roger Albright of Mendon. Under the rotation policy, the chairman for the next school year will be from Pittsford and the following year from Chittenden.

Mr. Richard Allen, principal for the past three years, resigned to accept a position with a firm servicing schools with jewelry, programs, etc. Mr. George Costello was appointed principal and Mr. Neil Cunningham was hired to teach the eighth grade. Mrs. Edith Strangeway has been ill for the past year and Mrs. Elsie Brown has been hired to replace her while she is on leave of absence.

Your board is continuing its study of providing the necessary space for the future growth of Barstow Memorial School.

We are continuing a strong maintenance and renovation program so that we can keep the building in a sound and well kept condition and also equip the building with modern lighting and other necessities.

Oral French is being presented to the pupils in grades 3, 4, 5 and 6 by Mr. Harold Blaisdell who was hired to replace Mrs. Rosalie Bates who resigned.

All improvements suggested by the engineers representing the insurance company have been completed and the building has been inspected and declared satisfactory by a representative from the Fire Marshal's office.

The accounts of the school were audited by P. F. Jurgs and Company of Burlington, Vt. and all accounts were found to be in good order. The auditors also found the Joint Board was complying with the terms of the agreement.

We wish to thank parents, staff and interested people for their help and cooperation.

Respectfully submitted,

School Directors, CHITTENDEN
School Directors, MENDON

Published by Authority of the Town 1960

NOTES:

Grand List and Tax Rate: The Town Grand List consists of the property list and the Poll List. At March Meeting, the money necessary to support the Town and the Schools is voted. The tax rate is then determined by dividing the total sum appropriated at March Meeting, by the total of the Grand List.

Property List: The figures shown on the property list which follows, represent 25% of the fair market value of the real and personal property as determined by the listers as of April 1, 1962. This figure is entered on the Grand List at 1/100th of the amount shown. The property tax of individuals and corporations is determined by multiplying their Grand List amount by the tax rate.

Poll List: Each individual is entered on the poll list and the Grand List at \$1.00. Poll tax thus amounts to the Town tax rate plus the State Old Age Assistance tax of \$5.00 assessed on each poll.

Grand List:\$18,766.20

Real Property \$16,189.36

Personal Property 1,580.84

Total Real and Personal Property \$17,770.20

Polls 966.00

Total Grand List \$18,766.20

9. To see if the Town will vote to defray the expenses of surety bonds where such are required by law. (Section 835, Title 24, V.S.A.)

10. To see if the Town will vote to authorize the Selectmen to borrow money for the temporary use of the Town.

11. To see if the Town will authorize the Selectmen to acquire by gift or purchase land for a municipal forest, to promote reforestation, water conservation and good forestry practices. (Sections 2407-2408, Title 24, V.S.A.)

12. To see if the Town will instruct the auditors of the Town to employ the services of an accountant from the office of the auditor of accounts as provided for in Sections 1692-1697, Title 32, V.S.A. to conduct an audit of the accounts of the Town.

13. Shall the town school district approve, ratify and confirm the Resolution of the Joint Board of the Frederic Duclos Barstow Memorial School adopted February 3, 1964, in words and figures following:

"Whereas, by agreement of June 29, 1949, pursuant to No. 234 of the Acts of 1949, the town school districts of Chittenden, Mendon and Pittsford became associated in the joint operation of the Frederic Duclos Barstow Memorial School, so-called, in the Town of Chittenden, as a public elementary school, which agreement remains in full force and effect, and

"Whereas, by a duly constituted joint board of school directors the said town school districts have continuously since said date operated the said school for the benefit of all students in said districts desiring and entitled to attend the same as a public school, and

"Whereas, the legal title to said school, and the appurtenances including the school lot, is held by the Town of Chittenden Town School District, and

"Whereas, it is unanimously found and determined by the board of school directors of the Town of Chittenden Town School District and the joint board of school commissioners representing the town school districts of Chittenden, Mendon and Pittsford that because of increasing enrollments and the additional demands made upon the presently available facilities, and in order to improve public education in the area served by said school and to promote the public policy of the State, the public interest and necessity require the following improvements to said school facilities:

The construction of an eight-room addition to the present Memorial school, with necessary supporting facilities, and

"Whereas, it is found and determined that the cost of said improvements will be too great to be paid out of the ordinary annual income or other financial resources of the said town school districts, or any of them, and

"Whereas, the Trustees of the William S. and Francoise Barstow Foundation have offered the sum of \$175,000 to defray part of the cost of said improvements, subject to reduction of its \$25,000 annual operational donation to \$20,000 for 20 years beginning in 1964, and

"Whereas, it is unanimously agreed that application to the State Board of Education be made for a statutory grant of 30% of the total cost of said improvements, which total cost is estimated to be \$250,000

"Therefore, be it hereby resolved that in pursuance of its authority as a joint board and in behalf of each said participating town school district, and subject to ratification hereof by the town school districts of Chittenden, Mendon and Pittsford, the said joint board of school directors hereby appropriates the sum of \$1,000 in furtherance of the objectives hereinabove set forth, and

"Be it further resolved that the joint board proceed to do any and all acts or things needful to carry this resolution into effect."

14. To transact such other business as legally may come before the said meeting.

Dated at Pittsford, Vermont this 12th day of February, 1964.

AUDITORS' REPORT AND CERTIFICATE

Your Auditors wish to express their appreciation for the courtesy and cooperation shown by the Town and Town School District officers.

The untimely death of our Town Clerk and Treasurer, the late Roland Pomainville has made it difficult and time consuming for your Auditors to trace and prove the internal transactions among the numerous funds into which town money is divided.

Your Auditors stand willing to assist your new Town Officers in setting up and operating the books of the town in such a manner as will make pertinent financial information readily available at all times and also facilitate the audit.

In accordance with Title 24 Sections 1578 and 1681, we have verified the existence of stated balances, inspected all securities and examined the records of the Town and Town School District officers, including the accounts of the late Roland Pomainville as of January 13, 1964.

To the best of our knowledge and belief the following financial statements and reports of receipts and expenditures represent the fiscal position of the Town and Town School District as of December 31, 1963 and are an accurate record of the funds handled in the year then ended.

JEAN W. GUYETTE,

ROY A. BURROUGHS,

JAMES K. MITCHELL,

Auditors.

AUDITOR'S NOTE:

Highway Equipment debit is being reduced by \$1,500.00 per year, plus interest. The state bill for the Florence bridge was submitted early in 1963, in the amount of \$18,489.86. The money accumulated in the savings account was used together with borrowed money to pay the bill to the state in full. The balance of \$10,457.00 is the amount of borrowing necessary. This amount in accord with the vote of the town is to be paid off at the rate of \$2,000 per year, including interest. The fire equipment is being reduced by approximately \$1,200 per year plus interest.

The Lothrop bond issue is being paid off at the rate of \$6,000. per year, plus interest, until May 1966, and thereafter at the rate of \$5,000.00 per year, plus interest until May 1981.

The DEFICIT of \$15,288.44 can be accounted for approximately as follows: (Figures to nearest even dollar)

Highways:	
Summer	\$4,924.00
Winter	5,159.00
Overseer	1,279.00
Unbudgeted Expenses:	
Florence Road Project Rights of Way	\$2,936.00
Added to Salaries Due to Illness of Town Clerk	500.00
State Audit Expense	390.00
Settlement of Congdon Case	500.00
Legal Fees	569.00
	<hr/>
	\$16,257.00

This is not a precise accounting of the deficit but general review as to the major areas of deficit spending. Savings in other areas reduce this total to the actual amount shown.

The Florence Road Project is now under construction. The Town must be prepared to finance its share of the cost when the bill is presented by the state. The Town share is estimated not to exceed \$11,200.00.

AUDITORS' NOTE:

Of the Total of \$266,020.69 collected \$59,256.69 was allocated to the Town Account and \$206,764.00 to the School Account. Inadvertently \$20,599.07 of School Money was deposited in the Town Account and has to be transferred to the School Account. Thus the total of current taxes collected as shown in the Treasurer's Report of Cash Receipts in the Town Account should be broken down as follows:

Current Taxes Collected		\$79,855.76

AUDITORS' NOTE:

Included in the sum of \$2,613.43 turned over to the General Fund are \$772.00 in Dog Licenses and \$750.18 in Tax Penalties and interest or a total of \$1,522.18 which cannot be considered Town Clerk's Fees. The net amount of Town Clerk's Fees turned over to the Town is therefore \$1,096.25. The amount of \$1,522.18 should have been credited directly to the General Fund and not to the Town Clerk. In addition as of the end of the year \$150.86 of warrants, penalties, and interest was deposited directly in the town account and was included in those balances.

*The 1963 figure for Town Officers' Services does not include the cost of services to the Highway, Overseer, and other Departments which are included in 1964 under the Town Manager's Salary.

NOTES TO SELECTMEN'S BUDGETS

The Selectmen have tried to make a realistic projection of 1963 costs to the 1964 budget. Some of the increased costs of 1963 over 1962 have had to be reflected in these figures. For example, the Town's cost for use of the dump has been raised from \$300.00 to \$600.00. \$500.00 has been put in for Brush, Bridges and Guardrail where nothing was put in last year. There will be more elections this year, so Printing, Advertising and Election Expense has to increase. There has been an increase in cost of insurance and interest. The Town Officers' Services in the 1964 Budget includes the Town Manager's Salary, representing a cost for services on the Highway, Overseer, and other Departments, which are shown elsewhere in the 1963 Budget.

A comparison of Selectmen's Operations and the School Department, showing increases in ten years:

	School Tax	Grand List	Selectmen's Operations	Grand List
1953	\$63,878.00	\$4.14	\$21,224.00	\$1.40
1963	206,264.00	11.00	31,328.00	1.67

Advantages already realized by the Town Manager System can be found in the following figures:

	1962	1963	Difference
Total Highway Tax Voted	\$20,056.00	\$16,000.00	\$4,056.00
Highway Deficit	12,196.85	9,984.44	2,212.41

Amount of reduction in Highway Spending, 1963 over 1962	\$6,268.41
Interest and Penalties on Delinquent Taxes turned in to Treasurer by Town Manager	900.04

Total	\$7,168.45
Town Manager's Salary, 1963	\$2,623.06

It can be seen that the savings in the Highway Department and the Delinquent Taxes alone more than offset the Town Manager's salary for the five months' service in 1963. The same savings continued through 1964 will amount to a sum much larger than the Town Manager's salary. It is to be expected that a full year of controlled spending under the Town Manager System should end the series of deficits.

Statement of the Town Manager Regarding Summer Roads

The budgeted money was gone at the time of my appointment. All work done was of an emergency nature. The dirt roads had to be scraped and the ditches cleared in preparation for winter. Some of the paved roads required a small amount of patching. All of this represented work that had to be done. The Town would have had to pay out much more to correct these matters if they had been neglected and allowed to grow worse.

This work was done under the direction of the Selectmen as provided by law.

AUDITORS' NOTES REFERENCE HIGHWAY DEPARTMENT

During the calendar year the Highway Department was operated under various managers.

In so far as your auditors have been able to determine, under Vermont Highway Law the elected Road Commissioner is authorized to expend on his own account only that sum appropriated by the Town for summer maintenance. Whenever the State furnishes State Aid funds the State Highway Board appoints the foreman for each job in consultation with the District Highway Engineer and the Selectmen of the Town concerned. In Pittsford it has been the practice heretofore for the Selectmen to recommend

that the elected Road Commissioner also serve as the foreman for State Aid work.

In 1963 your elected Road Commissioner had completely obligated all summer road money prior to June 30 and so informed the Selectmen as required by law.

The Selectmen as of July 1st assumed all responsibility for further summer maintenance. They recommended the replacement of your elected Road Commissioner as foreman on all State Aid work as of that date.

Upon his appointment the Town Manager assumed the responsibility under the selectmen for all further summer maintenance and the supervision of all State Aid projects.

In order to show the results of operations during the two periods your Auditors have had the year's operations divided into that from January 1st to June 30th and from July 1st to December 31st. Attention is invited to the fact that **all town tax money** voted has been credited to the respective Highway Accounts during the first six months in view of the fact that it was voted at Town Meeting.

Under Town and State Aid projects the charges for the projects have been split between the two periods and the State Aid refunds have been split in the approximate proportion to the charges even though the entire amounts were received during the last half of the year except for S.A. 736.

On all State Aid projects the Town must pay **all bills**. Upon completion of the work the Town submits a claim against the State for reimbursement for that portion properly chargeable to the State. Generally speaking the state pays a larger proportion on Town Highway projects than it does on State Aid Highway projects.

Your Auditors afforded both the Road Commissioner and the Selectmen the opportunity to comment on their respective operation. Your elected Road Commissioner decided not to comment on his period of operation. Other comments are included in the appropriate headings.

CONSTABLES' REPORT FOR 1963

During the year 1963 the Constables investigated ten complaints of prowlers and, etc.

It was necessary for us to go to Waterbury twice to transport persons to the State Hospital.

Twenty-five investigations and reports covering persons in service and applying for Federal Jobs were made.

The School Building and Town Hall were checked weekly

There were less calls in 1963 than in previous years.

The Overseer's deficit for the second half of 1963 contains an item of \$369.80 which should have been included in the Overseer's deficit for 1962.

On July 10, 1962 there was deposited in the Overseer Account a check for \$369.80 representing a refund from the State Department of Social Welfare for hospital bills supposedly paid by the

Town. The claim was in error, as the hospital bills had not been paid by the Town.

On December 17, 1963 the Department of Social Welfare made the Town pay back the \$369.80.

The Audit of July 24, 1963 showed claims as follows:

12 claims undetermined

7 claims in the total amount of \$752.35

Additional calims outstanding as of July 25, 1963 have been found as follows:

2 claims listed as undetermined

have been found to amount to \$925.05

17 additional claims have been

found in the total amount of \$2,603.57

\$3,528.62

All of the above are still outstanding except for the \$369.80 previously mentioned as having been refunded to the state.

VERMONT DEPARTMENT OF SOCIAL WELFARE
Montpelier, Vermont

This twenty-eighth in the series of annual reports submitted to the people of Pittsford presents tabulations for the calendar year 1963. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$1,369.71
Hospitalization Services	\$1,485.93
Physician Services	\$133.50

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$591.06 and for the latter \$983.70 for the year just closed.

During 1963 assistance was granted to 23 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
 Commissioner of Social Welfare.

FIRE DEPARTMENT REPORT FOR 1963

The proposed budget for operating the Pittsford Fire Department is respectfully submitted to the voters for their consideration and approval.

It will be noted that this proposed budget is somewhat lower than our expenditures for 1962 and 1963. This Department feels that this is the absolute minimum that we can efficiently operate.

During 1963 the Department answered a total of 52 calls. Fortunately, most of these calls were minor. Only three were fires, where any amount of damage resulted.

It is interesting to note that according to a report from the Fire Insurance companies operating in Vermont, that during the period from July 1, 1962 to June 30, 1963, only \$360 was paid in the town for Fire damage claim.

Again this year we plan to continue our hose replacement program. Also, our Firemen's equipment program will be continued this year.

Mrs. Jean Guyette replaced Mrs. Ida Patch as telephone operator during the year.

Improvements have been made on the alarm system and more work will be done this year.

We would like to remind the townspeople that the Emergency Oxygen Service is available at all times by calling 483-2823. This is a free service of your Fire Department.

REPORT OF FOREST FIRE WARDEN 1963

There was one forest fire this year at the cost of \$56.00. The State paid one half of this.

We also bought five Forest Fire pumps at the cost of \$16.50 each; also four lights and a box of batteries, of this the State gives \$50.00 back to the town.

The citizens of the Town are reminded that "Permits to Burn" are required at all times except when snow is on the ground at all locations which are within 200 feet of inflammable plant material which touches or adjoins woodlands.

Burning can be done at any time without a permit in an incinerator approved by the FIRE WARDEN and the FIRE CHIEF except when ban is on.

Anyone wishing a permit may call 483-2348 and I will be glad to give him a permit if possible.

The Fire Warden is asking if the Town would appropriate \$150.00 to purchase five pumps and 12 fire brooms as we have only 10 pumps and no brooms.

JOHN F. KEITH,

Fire Warden.

REPORT OF THE MACLURE LIBRARY ASSOCIATION 1963

Again this year we are pleased to report an increase in the services given by the library to the people of Pittsford. Total circulation of books in 1963 was 19,122, an increase of 1950 books over the previous year. 319 new books were purchased, including Collier's Encyclopedia, which is being used extensively by both grade and high school students. We are grateful for the Regional Library Book Wagon, from which 3080 books were borrowed.

A sound movie projector and screen have been purchased and used very successfully for the children's summer program. An average of 40 children attended these programs, held during July and August. We thank Miss Nancy Patch for voluntarily conducting a five-week story hour program during the Fall, the Girl Scouts who helped in the summer program, the mothers who assisted with the Food Sale, and the volunteer assistants in the library.

With the cooperation of the School Board, students from Lothrop School are transported to the library for instruction by the librarian in the use of the library catalog, and to choose books of particular interest to them. Many students from Otter Valley High School are using the library for reference work.

During the past five years extensive repairs and improvements have been made in the Walker Memorial building. These include a complete new lighting system, new floor covering, new coping on the front of the building, and new paint for the interior of the building. New shelves have been added in the Children's Room and a new rack for magazines.

At present only 68 residents of Pittsford are members of the Association. This is a matter of concern to us, since the small membership leads to the mistaken idea that the library is the responsibility of the library directors. We need your active support to improve library services. A life membership is only \$5, payable to the Treasurer.

We thank Shirley Sird for her years of service as Assistant Librarian and we were sorry when she decided to resign. Mrs. Barbara Mazza was appointed and is ably assisting Mrs. Helen Terwilliger in making the MacLure Library one of the friendliest places in town. This is our greatest asset.

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, 1963

This is a report to the people of Pittsford describing the health services which they have received during 1963 (October 1, 1962-September 30, 1963). These services have been planned carefully so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town, we make every attempt to provide it. The understanding of how your health department serves your town is valuable information for you to have. Any time which you spend studying this report will be most well spent.

I invite you to discuss this report with your friends and health officer, and I would welcome any impressions which you care to forward to me.

The list of services to the town of Pittsford is as follows:

Number served at Child Health Examinations	28
Nutrition, dietary consultations to institutions, groups, individuals	12
Pediatric consultations for Child Health problems	..
Number of children given diagnostic service at hospitals	..
Number of children aided at handicapped children's clinics for speech and hearing, orthopedic, plastic, neurological, cardiac problems	21
Number of children financially aided with hospitalization	2
Number of children served by mental retardation clinics	..
People X-rayed for tuberculosis detection	27
DTP (diphtheria, tetanus, whooping-cough) immunizations	42
Polio immunizations (Salk injection or Sabin oral) at clinics	543
Number of water samples tested (private and public supplies)	40
Food and dairy products tested	..
Blood specimens (pre-marital, pre-natal and other)	164
Other laboratory specimens	42
Sanitary inspections, consultations (food and lodging, camps)	84

Water, sewage, disposal, public building and other inspections	15
People X-rayed for occupational diseases	20
Hospital and nursing home inspections and consultations	..
Dental health education, number of children served in schools	..
Number served by tumor clinics	4
Public Health Nurse home visits	233
Number served by Public Health Nurse visits	105

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,
Commissioner of Health.

The Town Health Officer reports nine cases of measles and two cases of mumps have been reported.

REPORT OF THE SWIMMING PROGRAM COMMITTEE

The \$400 appropriated for the support of the fourth (third, tax-supported) ten-day program of swimming instruction for Pittsford children was spent as follows:

Pittsford School Board for bus transportation	\$337.00
Miscellaneous (tags for board, first aid kit, gift)	8.19
Refunds of Park admission fees	27.75
	<hr/>
	\$372.94

The 1962 balance of \$15.31, plus the 1963 balance of \$27.06 leaves on deposit in the Rutland County Bank \$42.37.

It should be noted that a new state regulation, protested unsuccessfully to date, requires senior high school pupils to pay daily the 25-cent adult fee for admission to the Park. This applies to instructor and chaperones as well. Because our teenage group enrolled without previous knowledge of this requirement, as did all adults who offered their services as chaperones and extra drivers, our committee reimbursed the young people, the instructor, and several adults who attended regularly. This was not necessarily to set a precedent, but to relieve an unexpected situation deplored by the committee.

The Rutland County Chapter, American Red Cross, again provided an exceptional instructor without cost to the town. A group plan of accident insurance at the rate of \$1 per child for the 10 days was financed by the parents who desired such protection. The 5-cent per child per day fee for bath house baskets was also paid by the parents.

The 1963 program, conducted at Branbury Beach, Lake Dunmore, began on July 22. Of the 136 children who registered, 129 participated with sufficient regularity to be retained on class rolls. Of these, 5 withdrew before testing. Certificates were earned by 64 (15 of 53 Beginners, 17 of 21 Advanced Beginners, 15 of 30 Intermediates, 12 of 16 Swimmers, 5 of 8 Junior Life Savers). It seems important to call to the attention of parents

that very few children master a course in a single season (the Beginners' course alone involving 21 specific feats). Therefore, every child should be commended for his progress as indicated on the records sent to all who do not qualify for certificates. Questions regarding progress may be directed to the committee or to the Red Cross office in Rutland, where also badges for "Swimmer" and "Junior Life Saver" may be purchased. Because lack of "endurance" in the water has been cited by our instructors as the most obvious weakness in a brief program, parents are urged to provide as much additional swimming as possible.

The committee extends a warm "thank-you" to all who contributed in any way to the success of the program: the taxpayers; the School Board; the Red Cross; Branbury Beach personnel; Miss Gail Boyle, instructor; Mr. Robert Breznick, bus driver; the mothers who volunteered for chaperone duty (with particular praise for the half dozen who shared daily in the complete management of the program); those who provided extra transportation as needed; the parents, for their cheerful cooperation; the children themselves, for their application and fine performance.

Whatever shortcomings the 10-day, out-of-town program may have, it does encourage intensive effort and high enthusiasm. It puts within reach of every child in the community some degree of self-reliance and safety in the water. Until a better way of achieving this comes along (possibly through the initiative of individuals or groups with great faith in the feasibility of a Town Swimming Pool), we feel that the program should be continued. Every adult privileged to participate in this exciting experience with all our eager, appreciative youngsters is convinced that the 10-day program is exceedingly worthwhile, and that it should be repeated in 1964.

Respectfully submitted,

Chairman
Town Council
Town House
Pittsford, Vermont

Gentlemen and Residents:

The Telemark Ski Club of Brooklyn, New York, wishes to inform the residents of Pittsford, Vermont, that it is happy to be located in this area. We recently obtained by purchase the former property called "Rolling Acres Inn" located on Route 7. We hope that the local residents will make themselves known by dropping by at the lodge sometime.

We look forward to many happy years of friendship with the townspeople and hope that this will become a mutual feeling.

Yours in skiing,

ARNOLD H. EGELAND, Chairman
Board of Directors

PITTSFORD TOWN SCHOOL DISTRICT**Pittsford, Vermont**

We hereby submit the 1963 Directors' Report to the Town School District. Recent figures released by the State Department of Education indicate that Pittsford is spending for elementary education an amount per pupil about equal to the average for the state. Other figures indicate that we are spending slightly more than the average for library books. This fact coupled with the present program for the use of the Maclure Library should assure the people of Pittsford that their youngsters have the opportunity to broaden their knowledge by extensive reading. We are adding one teacher to the staff for the school year 1964-1965 so our teachers will have a pupil load of 20-25 pupils. Each room will then have a single grade. Your teachers are studying the modern approach to arithmetic and we will begin teaching the new approach this September. Studies show that children learn and understand arithmetic better when the new approach is used. Your teachers continue to plan jointly with Otter Valley Union High School teachers so the transition from elementary school to high school may be as smooth as possible. This will result in an integrated program in grades 1-12.

The members of the school board are very appreciative of the efforts of faculty, parents, staff, parents' groups and others who have helped make this a successful year in education.

Respectfully submitted,

ALOF CARLSON, Chairman
MRS. RUTH HENNESSEY, Clerk

THE FREDERIC DUCLOS BARSTOW MEMORIAL SCHOOL

The Barstow Joint Board herewith submits its annual report to the citizens of Chittenden, Mendon and Pittsford.

The Chairman of the Joint Board for 1963-1964 is Mr. Perle Parker of Pittsford. Under the rotation policy, the Chairman for the next school year will be from Chittenden and the following year from Mendon.

Mrs. Lucille Blow was added to our staff to take care of increased enrollment. Mrs. Blow is a graduate of Castleton State College in the Class of 1963. All members of the staff returned which gives us good continuity of service.

We are confronted with a dilemma in our building needs. Unless an addition is voted at Town Meeting, we will have to further remodel the auditorium to provide a room for next year. However, this remodelling is expensive and does not satisfy our long term needs. The classroom space provided in this way is not very satisfactory and it is hoped that the auditorium will be available for music and other groups in the near future.

We are very fortunate that the New York Community Trust will donate \$75,000 and provide the Joint Board with the rest of the needed funds on an interest free basis to erect the addition. The Joint Board will have its annual stipend of \$25,000 from the Barstow Foundation reduced to \$20,000 for a period of twenty years to repay the money made available which is not donated.

We hope that you will find these arrangements agreeable to you and that you will cast a vote favoring the addition.

The accounts of the school were examined by P. F. Jurgs and Co. of Burlington, Vt. and all accounts were found to be in good order. They also found that the Joint Board was complying with the terms of the agreement.

Parents, staff and citizens have been most cooperative and we wish to thank those people who have made the past year a successful one.

Respectfully submitted,

School Directors, CHITTENDEN
School Directors, MENDON
School Directors, PITTSFORD

NOTES:

Grand List The Town Grand List consists of the Property List and the Poll List. At March Meeting, the money
Tax Rate: necessary to support the Town and the Schools is voted. The tax rate is then determined by dividing the total sum appropriated at March Meeting, by the total of the Grand List.

Property List: The figures shown on the property list which follows, represent 25% of the fair market value of the real and personal property as determined by the listers as of April 1, 1963. This figure is entered on the Grand List at 1/100th of the amount shown. The property tax of individuals and corporations is determined by multiplying their Grand List amount by the tax rate.

Poll List: Each individual is entered on the poll list and the Grand List at \$1.00. Poll Tax thus amounts to the Town tax rate plus the State Old Age Assistance tax of \$5.00 assessed on each poll.

PETER MARKOWSKI,
FRED S. PARKER,
Selectmen.

AUDITORS' REPORT AND CERTIFICATE

Your Auditors wish to express their appreciation for the courtesy and cooperation shown by the Town and Town School District officers.

We found a considerable improvement in the arrangement of the books this year.

We believe that an improved system of budgeting and accounting is being developed which will expedite the audit in future years. It will also enable the Auditors to present to the people of the Town an analysis of budget operations which will enable us to compare actual operations with planned operations.

The item of clerical expense for the Town Treasurer and Town Manager contributes materially to this improved book-keeping.

For some years your Auditors have been considering a recommendation that certain expenses now charged to the Town should be charged to the Schools. The schools benefit from the services of the Listers and the Auditors but none of these costs are charged to the schools. The Town Treasurer is also the School District Treasurer. None of his salary is charged to the schools. Further the School Lunch Program uses the Town Hall but none of the cost of operation of the Town Hall is charged to the schools. In order to get a true picture of the actual cost of operating the schools a portion of these costs should be charged to the school fund, in the opinion of your Auditors.

In accordance with Title 24, Sections 1578 and 1681, we have verified the existence of stated balances, inspected all securities and examined the records of the Town and Town School District.

To the best of our knowledge and belief the following financial statements and reports of receipts and expenditures represent the fiscal position of the Town and Town School District as of December 31, 1964 and are an accurate record of the funds handled in the year then ended.

ROY A. BURROUGHS,
JAMES K. MITCHELL,
JEAN W. GUYETTE,

Auditors.

The statement for the Highway Equipment Fund has been divided into two parts. Prior to March 31, 1964, the money in the fund was deposited in the same bank account as the General Fund and the Highway Fund. It was confusing to record the internal transfer of credits from the Highway Fund to the Highway Equipment Fund under this system.

Therefore, as of April 1, 1964, the Highway Equipment Fund was transferred to a separate checking account. Transfers from the Highway Fund to the Highway Equipment Fund are now made by actually transferring money from one bank account to the other. This has resulted in clarifying the book-keeping for both funds.

NOTES TO SELECTMEN'S BUDGETS

The first full year of operation under the Town Manager System has ended with a surplus. Comparing the last full year without the Town Manager System to the first full year with the Town Manager System, we find the following figures:

	1962	1964	Difference
Highway Tax Voted	\$20,056.00	\$18,500.00	\$1,556.00
Highway Deficit	12,196.85
Highway Surplus	\$.....	\$149.68	\$.....
Total Spent	\$32,252.85	\$18,350.32	\$.....
Amount of reduction in Highway Spending, 1964 over 1962			\$13,902.53
Interest and Penalties on Delinquent Taxes turned in to treasurer by Town Manager (Penalties were formerly retained by the Tax Collector)			1,296.00
Total			\$15,198.53

The 1964 budget was figured at an absolute minimum in order to absorb the accumulated deficit. In making the 1965 budget, every effort has been made to keep costs down, yet provide essential services. The following increases over the 1964 budget were felt to be necessary:

Brush, Bridge and Guard Rails—(repairs to covered bridge and East Pittsford bridge)	\$600.00
Winter Roads	1,800.00
Summer Roads	1,000.00
Florence Road Project (Note payment and Interest)	1,000.00
Legal Fees	700.00
Proctor-Pittsford Dump	1,900.00

In view of the necessary increase in school costs, the Selectmen have **not** asked for the following long-needed improvements:

Fire-proof vault door at Town Clerk's Office	\$1,300.00
Modernizing Heating System at Town Hall	3,100.00
Bridges—(figures represent Town's 20% share, State pays 80%)	
Steel Plate Arch at East Pittsford	3,000.00
Steel Tube on River Road	2,500.00

The following figures show the 1964 Tax Rate as voted and as assessed, and the 1965 Tax Rate Budget. The 1964 Tax Rate assessed was \$1.00 less than the rate voted and listed in the 1963 Town Report. Additional State Aid to Schools was used to reduce the tax.

TOWN MANAGER'S REPORT

SEWAGE DISPOSAL PROJECT

The Sewage Disposal Project has progressed from the Preliminary Planning to the Advanced Planning stage. It is expected that the matter will be ready for a vote at March Meeting 1966. In order to qualify for the Federal Funds for Advanced Planning, the Selectmen found it necessary to purchase options on disposal plant sites.

PROCTOR-PITTSFORD DUMP

The Selectmen of Pittsford and Proctor were petitioned to move the Proctor-Pittsford Dump. At a joint session of the Boards of Selectmen, it was decided that it would be impractical and too expensive to move the dump site. A compromise solution was reached. A more healthful and sanitary situation was arrived at by more care and supervision of dumping. In compliance with recommendations of the Vermont Board of Health, the dump is covered with dirt every week. Costs of operation are borne equally between the Towns.

RECREATION

Increased recreation facilities seem to have the greatest potential for broadening Pittsford's Tax Base. The Town Manager filed an inventory of existing and potential recreation facilities with the Vermont Director of Recreation. This will qualify us to take part in the program where 50% Federal matching funds will be available under Public Law 88-29.

Our earliest opportunity for participation will probably be in the Upper Castleton River Project sponsored by the U. S. Soil Conservation Service and the Towns of Pittsford, West Rutland, Ira, Castleton and Poultney. A flood control dam and lake in Whipple Hollow would be paid for entirely out of Federal Funds. For recreation purposes, this could be enlarged up to 100 acres in size. The additional costs could be met with 50% matching Federal Funds. It is expected that State and other funds would also be available.

The Soil Conservation Service will survey the site early this summer, and planning can start by late summer. Developments will be reported in the Rutland Herald.

GOODNOUGH WATER DISTRICT

The Goodnough Water District comprises those residents living near the former Goodnough School. Some sixty years ago a number of families in this area installed a water line, supplied from springs in the Steven's Hill section. When this arrangement proved inadequate, the line was connected to the Village of Proctor water main which passed nearby. This original main line, of 3/4" pipe was rusted beyond repair. In January 1964, the Village of Proctor notified Goodnough residents that water service would have to be discontinued by August 1, 1964, unless a new 2" water line was installed, at the user's expense.

Several meetings were held by the residents, with no agreement on the best course of action. At this point the Selectmen requested the Town Manager to assist in finding a solution. First it was determined that the users were legally responsible for the cost of the new line. The Town Representative checked this with the State Public Service Commission and the Selectmen checked with the State Board of Health. At a meeting of the Goodnough residents, the Town Manager was appointed Agent, and given power of attorney to act for them as the Goodnough Water District. Bids were solicited, and financial arrangements were made. About one third of the families in the district were unable to raise the money necessary. The Town Manager located a Federal Agency that covered these shares with a federal grant. This enabled all the families to have water, and kept the share at \$330.00 per family. Should the project have been limited to those able to pay, the cost would have been \$495.00 per family. The homes without water service would have lowered property values for the whole area. The contract was awarded to the lowest bidder, Mr. Leo McGee. Mr. McGee made the installation, with Mr. John Keith digging the ditches. Eighteen families now have an adequate water supply, at no cost to the other tax payers of Pittsford.

ROADS

The Florence Road Project was completed at an estimated cost of about \$100,000.00. After deducting Federal and State aid, Pittsford's share is expected to run between—\$7,000.00 and \$8,000.00. Payments will be made at the rate of \$1,000.00 a

year. This project provides good transportation for Pittsford's largest industries.

The past summer was one of the driest on record for Pittsford. John Durkee, the District Highway Engineer, advised Towns in his area that scraping of dirt roads at this time would aggravate conditions. If the hard packed surface were loosened, fine material would blow away, exposing a rocky surface. During this dry period, the road crew was able to accomplish much long-overdue culvert and ditch cleaning. Many ditches and culverts had filled to the point where they were incapable of keeping spring run-off out of the road. The fall rains were not very adequate, but allowed some scraping before frost halted such work.

The roads were very carefully prepared for resurfacing this year. Shoulders were cut, ditches and culverts were cleaned. This will lower future maintenance costs.

The excellent sand used on the roads this winter has done a better, more lasting job.

This summer, our Highway foreman, Mr. Raymond (Bud) Parker, left us for a better job. We were very sorry to see Bud go, as he had been a very capable and valuable man. It was our good fortune that Mr. James Parker accepted the position of foreman. Jim has had valuable experience in road contracting and construction business, and is an accomplished operator of heavy road equipment.

FRANK T. ANDERSON,
Town Manager.

VERMONT STATE DEPARTMENT OF HEALTH
ANNUAL TOWN REPORT, 1964

During the year we sent letters to many of the people of the town of Pittsford concerning the immunization status of their children. I would like to thank them for their very fine response to this inquiry. You will be interested in learning that in Vermont 4 out of every 5 babies have been started on their shots for diphtheria, whooping-cough, tetanus and polio by 6 months of age.

This is a testament to the genuine concern which Vermonters have for the health of their children, their neighbors and their communities; something in which every Vermonter can take pride.

The following is a tabulation of some of the more important health services provided people of your town in the fiscal year 1964.

Attendance at well child clinics	87
Nutrition, dietary consultations to institutions, groups, individuals	7
Pediatric consultations for child health problems	..
Number of children given diagnostic service at hospitals	..
Number of children aided at handicapped children's clinics for speech and hearing, orthopedic, plastic, neurological, cardiac problems	15
Number of children financially aided with hospitalization	1
Number of children served by mental retardation clinics	..
People X-rayed for tuberculosis detection	16
Diphtheria, Tetanus, Whooping-cough immunizations	80
Polio immunizations (Salk injection or Sabin oral) at clinics	990
Number of water samples tested (private and public supplies)	34
Food and dairy products tested	..
Blood specimens (pre-marital, pre-natal and other)	138
Other laboratory specimens	82
Sanitary inspections, consultations (food and lodging, camps)	92

Water, sewage, disposal, public building and other inspections	21
People X-rayed for occupational diseases	83
Hospital and nursing home inspections and consultations	6
Dental health education, number of children served in schools	180
Number served by tumor clinics	3

TOWN CONSTABLES' REPORT

During the year 1964 the Constables investigated six complaints of prowlers, eighteen investigations and reports covering persons going into service and applying for federal jobs.

Handled complaints on fences that were cut, water pipe cut. Also one from Saint Alphonsus Church that headstones were pushed over.

Investigated two accidents. Called on Brandon once this year to assist in stopping car with seven men in it, all pleaded guilty to intoxication. Six calls on home fights.

Roads patrolled on Halloween.

The School Building and Town Hall were checked weekly or oftener.

JAMES PARKER, 2nd Constable

FIRE DEPARTMENT REPORT—1964

The Pittsford Fire Department completed its seventeenth year of operation in December.

A total of 48 calls were answered, of which 45 were calls for fire. Two were calls for oxygen service, one call to help find a missing person and two of these calls were out of town.

Again this year we are extremely fortunate. We had no major fire loss. This was in part due to the personal interest and competitive nature of our drivers and firemen, which results in prompt answer to alarms.

It will be noted in your town report that in two more years our trucks will be paid for. We feel that during the coming year thought should be given to establishing a fire equipment replacement fund, similar to the town road equipment fund.

This year this department was called to help fight 21 grass and woods fires. Most of these fires were a result of carelessness on the part of the property owner. Please use extreme caution in dry and windy weather.

From April 15th to November 15th, townspeople outside the village limits are required to obtain fire permits from the Town Fire Warden before starting brush or grass fires. People living within the village are not required to have permits.

Again, we want to remind the people that the emergency oxygen service is available 24 hours a day, by calling 483-2823. This is a free service of your Fire Department.

We respectfully submit for your approval, our budget for 1965. This \$5,300 figure is the same as 1964 and is the minimum we feel we can operate effectively.

REPORT OF FOREST FIRE WARDEN 1964

There were four forest fires this year at the cost of \$398.50. The State will pay \$197.95.

The citizens of the Town are reminded that "Permits to Burn" are required at all times except when snow is on the ground at all locations which are within 200 feet of inflammable plant material which touches or adjoins woodlands.

Burning can be done at any time without a permit in an incinerator approved by the FIRE WARDEN and the FIRE CHIEF except when ban is on.

Anyone wishing a permit may call 483-2348 and I will be glad to give him a permit if possible.

JOHN F. KEITH,
Fire Warden.

REPORT OF THE MACLURE LIBRARY ASSOCIATION

Total circulation of books during the year was 18,235, a decrease of 879 from the previous year. This decrease was in the number of books from the children's section and was due in part to the fact that the Children's Film Program could not be held during September and October. We appreciate the fine help of Mrs. Corwin Audman, Miss Nancy Hennessey, and Miss Nancy Patch on the film program and expect that it will be continued this year.

A total of 303 new books were added to the library during the year, as well as Harper's Encyclopedia of Science.

Two art exhibits were held during the summer. One showed a collection of paintings by Hilda Belcher and her mother, Martha Belcher. The other was an exhibit of the works of local artists.

Proceeds from the annual food sale were \$111, which will be used to buy library materials for the use of the librarian.

Classes at the Lothrop School are coming to the library twice each week for instruction in the use of the library in connection with their school work. This program will be continued, and if possible, expanded.

Ten new members joined the association during the year. This is most encouraging. Any citizen of Pittsford is eligible for membership on payment of a life membership fee of \$5.

We express our thanks for magazine subscriptions donated by Mrs. Maurice Wheeler, Mrs. Christine Frost, Mrs. Palmer Jenkins, Our Lady of Fatima Sodlaity, Brandon-Pittsford Rotary Club, Miss Alice Wimett, Mrs. John B. Handy, Rutland County Humane Society, and Mrs. Robert O'Reilly.

We also appreciate gifts of books from Mrs. A. L. Dunphy, Mrs. Peter Honsberger, Mrs. John Cadwell, Miss Carmelita McCahill, Mrs. Shirley Fouts, Miss Corrine Crane, Miss Harriet Chase, Mrs. Amy McKenzie, William Harris, Miss Alice Wimett, Mrs. Robert Hayes, Mrs. Jerome Kelley, Dr. James Gray, Aldous Walker, and Mrs. Christine Frost.

REPORT OF THE SWIMMING PROGRAM COMMITTEE

The financial statement is as follows:

For the 5th consecutive summer, (the 4th with tax-supported transportation,) a 10-day program of swimming instruction was offered to Pittsford children at Branbury Beach, Lake Dunmore. Services of a qualified instructor were provided by the Rutland County Chapter of the American Red Cross. An assistant to the instructor was financed by program funds. Parents took care of any accident insurance desired for their own children, the daily 5-cent per child per day fee for bath house baskets, and the 25 cents required each day of adults and high school young people for admission to the Park.

The 1964 program began on July 20. Of the 141 children who registered, 116 were present for at least a part of the final tests. Certificates were awarded to 18 of 50 Beginners, 8 of 13 Advanced Beginners, 9 of 24 Intermediates, 6 of 9 Swimmers, 2 of 5 Junior Life Savers, and 5 of 15 Advanced Swimmers.

Appreciation is extended to the tax payers; the School Board; the Red Cross; Branbury Beach personnel; Miss Wenda Bird, instructor; Miss Bonnie Blittersdorf, able assistant instructor; Mr. Robert Breznick, bus driver; all adults who shared in the daily management of the program; the parents, for their confidence and encouragement; the children themselves, for their cooperation and patience with difficult weather conditions during testing.

"It has certainly been worthwhile," is the sentiment encountered in conversations with parents of many of the 275 different boys and girls who have been participants in Pittsford's program during the past 5 years. Each year the committee has urged that the out-of-town program be continued until establishment of a local swimming pool might somehow become a reality. The dream of improved recreational facilities for our town has repeatedly been revived by men and women with the faith to believe that the people of Pittsford can develop and maintain a well-managed recreation area with swimming pool and other desirable features. Such an opportunity now appears to be within reach. Through the efforts of several citizens, preliminary negotiations have been made with state officials for the lease of a suitable site, also, with the National Guard, local organizations and interested individuals for donated labor, materials, and money.

We suggest that all voters consider the swimming pool proposal, which will be presented at Town Meeting. We urge a \$400 appropriation for a 1965 program of instruction, to be conducted either at the proposed pool, or at Lake Dunmore if the pool cannot be completed for the current season.

PITTSFORD JAYCEES

COMMUNITY ATTITUDE SURVEY

In April and May of 1964 the Pittsford Jaycees conducted a community survey. Unfortunately all the families in town were not interviewed. However, at least one family from each section of town was interviewed. Although we do not claim this to be 100% accurate throughout the town, we do feel that it is sufficient to get a general opinion of the feelings in the Town of Pittsford.

Since the form that we used was a standard form put out by the National Junior Chamber of Commerce some of the questions would not pertain to our local community, such as gas pressure, local television and radio programs, etc.

Following is a list of some of the more important ones having most to do with our community and their percentage ratings.

On one part of the questionnaire it was asked, "Is there anything that you particularly **like** about this community?" The most often mentioned were: Fire protection—Good roads in spite of large area—Isn't crowded—Its location and people—Good water supply—And school bus facilities.

Also the question was asked, "What to you dislike about this community?" Those most often mentioned were: Taxes—No doctor available in town—Poor employment opportunities—No place for youngsters to congregate—Cluttered roadsides—Low community spirits (apparent by low attendance at public meetings)—and unattended dogs.

The last section we wish to speak of was the one regarding the individual's opinion of "the five most important things that could be done to make this a better community."

42% listed Swimming and Recreation Areas

27% stated that the Town should encourage industry

24% felt that the town should have a doctor

24% stated that they would like some tax relief but didn't state how

21% said we should have some type of zoning but less rigid than the one proposed

The purpose of the survey was to try to determine what the people in Pittsford wanted and most what we, the Junior Chamber of Commerce, could try to do to improve our community. The trend seems to be on youth. According to this survey we feel that youth development and recreation are the main things that the town of Pittsford should try to improve on. We hope to make goals and advances in this in the future. In order to do this we must have your cooperation.

PITTSFORD TOWN SCHOOL DISTRICT**Pittsford, Vermont**

We hereby submit the 1964 School Directors' Report to the Town School District.

The State Department of Education has released some comparative figures on factors affecting the quality of education. One factor is the amount spent per pupil and Pittsford Elementary School ranks at the 35th percentile. Other factors are amounts spent for textbooks and teaching supplies and Pittsford ranked at the 15th and 47th percentile respectively.

At Otter Valley Union High School, we are at the 54th percentile in total current expenditures per pupil and we rank at the 58th and 70th percentile on our expenditures for teaching supplies and library books respectively.

These figures would indicate that we are making less effort than the average of Vermont elementary schools and above average effort at the high school level.

No figure was used for the purchase of elementary library books because we use the Town Library and do not spend as much as some schools for that reason. On the high school level (9-12), we do not furnish textbooks so we have not used that figure. It should also be noted that, while we rank at the 70th percentile at Otter Valley Union High School in expenditures per pupil for library books, it is a new library and needs many basic books.

We are pleased with the excellent arrangement we now have in which we have two classrooms per grade. The pupils in grades 5 and 6 will now have a better opportunity than previously.

This coming year we hope to have a part time art instructor in the elementary school. This will fulfill a long time need to give our pupils a chance to express themselves in various ways not now possible and possibly uncover some latent talent.

For the first time in many years, we will be paying our teachers on a sound fiscal basis. The 1964-1965 contracts will be

paid in the 1964-1965 school year without having the payments for July and August carried over into the 1965-1966 school year.

We are thankful for the cooperation of the staff, faculty, parents and others who have helped make this one of the best years in education in Pittsford.

Respectfully submitted,

ALOF CARLSON, Chairman
MRS. RUTH HENNESSEY, Clerk

FREDERIC DUCLOS BARSTOW MEMORIAL SCHOOL

The Barstow Joint Board herewith submits its annual report to the citizens of Chittenden, Mendon and Pittsford.

The Chairman of the Joint Board for 1964-1965 is Mr. Alfred Siik of Chittenden. Under the rotation policy, the chairman for the next school year will be from Mendon and the following year from Pittsford.

All faculty members of 1963-1964 returned to Barstow for this school year. In addition, Miss Joan Greenwood was hired so Mr. Costello could divide his time among the grades 5-8 to help in the overcrowded classrooms. Miss Greenwood is a 1964 graduate of Castleton State College.

The eight room addition is well under way and will be ready for occupancy in the Fall of 1965. This will give us much needed space and it will make it possible to use the original building to better advantage.

We have been able to use the skill and knowledge of each teacher more efficiently this year by departmentizing to some degree. We have also introduced modern mathematics and, while it is too early to pass judgment, the pupils seem to have more interest, learn better and with greater understanding than previously. We have also placed more stress on art with the hope of uncovering some latent ability. It also provides the pupils with a means of expressing themselves.

The accounts of the school were examined by the P. F. Jurgs Co. of Burlington, Vt., and all accounts were found to be in good order. They also found that the Joint Board was complying with the terms of the agreement.

We are grateful for the tremendous financial assistance given to us by the New York Community Trust through Mr. Ralph Hayes, Director.

We are thankful for the help and cooperation of staff, parents and friends of the school. They have made it possible to have a very successful year.

Respectfully submitted,

School Directors, CHITTENDEN
School Directors, MENDON
School Directors, PITTSFORD

For a forecast of estimated receipts and expenditures for the period January 1, 1965 to June 30, 1965. See page 71 of the School Directors' Report.

For a proper comparison of the proposed budget for the school year July 1, 1965 to June 30, 1966 with similar figures for the school year July 1, 1964 to June 30, 1965 submitted by the School Directors at Town Meeting in March 1964 the following changes should be made in your Town Report dated December 31, 1963.

The figures submitted by the School Directors in 1964 were based on the old formula for State Aid. At the time of Town Meeting in 1964 the State Legislature was considering a new state aid formula and an increased appropriation.

At Town Meeting in 1964 the voters accepted the school budget and tax figures with the understanding that the appropriation and the corresponding tax would be reduced by any increased state aid voted by the Legislature.

As a result of this action, the school tax shown on page 2 of the Town Report of December 31, 1963 is **NOT** the actual amount billed and collected.

The following table shows the budgeted appropriation and tax as compared to the actual appropriation and tax collected.

ELEMENTARY SCHOOL

Budgeted Appropriation	\$78,550.00	Tax	\$4.18
Actual Appropriation	68,050.00	Tax	3.62

HIGH SCHOOL

Budgeted Appropriation	\$134,450.00	Tax	\$7.15
Actual Appropriation	126,150.00	Tax	6.71

TAX BUDGETED

Elementary	\$4.18
High	7.15
	<hr/>
	\$11.33

TAX COLLECTED

Elementary	\$3.62
High	6.71
	<hr/>
	\$10.33

Thus, the School Tax collected last year was one dollar less than the Tax voted at Town Meeting.

The total tax collected for both Town and Schools was \$14.90 instead of the \$15.90 originally voted.

NOTES:

Grand List and Tax Rate: The Town Grand List consists of the Property List and the Poll List. At March Meeting, the money necessary to support the Town and the Schools is voted. The tax rate is then determined by dividing the total sum appropriated at March Meeting, by the total of the Grand List.

Property List: The figures shown on the property list which follows, represent 25% of the fair market value of the real and personal property as determined by the listers as of April 1, 1964. This figure is entered on the Grand List at 1/100th of the amount shown.

Property Tax: The property tax of individuals and corporations is determined by multiplying their Grand List amount by the tax rate.

Poll List: Each individual is entered on the poll list and the Grand List at \$1.00.

Poll Tax: Poll Tax thus amounts to the Town tax rate plus the State Old Age Assistance tax of \$5.00 assessed on each poll.

Grand List:.....\$18,821.90

Real Property	\$16,294.39
Personal Property	1,490.51

Total Real and Personal Property	\$17,784.90
Polls	1,037.00

Town Of Pittsford And Town School District

WARNING

The legal voters in Town Meeting of the Town of Pittsford and the Town School District are hereby notified and warned to meet at the Town Hall in said Town on Monday, February 28, 1966 at 7:30 o'clock in the afternoon to transact any business not involving voting by Australian Ballot or voting required by law to be by ballot and to be held on the first Tuesday in March. This meeting shall be adjourned to the following day, in order to vote on all matters required to be voted on by Australian Ballot, or to be voted on by ballot and to be held on the first Tuesday in March.

The following matters will come before the meeting, to wit:

1. To hear the reports of the Town and Town School District officers and take appropriate action thereon.

2. To see if the Town will approve the budgets of the various departments and services of the Town as submitted by the Selectmen, and authorize the expenditure of the amounts set forth therein for the support of these departments and services.

3. To see if the Town will authorize to be raised by taxation, the sum of FORTY NINE THOUSAND ONE HUNDRED AND FIVE DOLLARS (\$49,105.) to provide funds for the support of the General Departments and Services of the Town for the period January 1, 1966 to December 31, 1966.

4. To see if the Town will authorize to be raised by taxation, the sum of TWENTY EIGHT THOUSAND SIX HUNDRED DOLLARS (\$28,600.) to provide funds for the highway needs of the Town for the period January 1, 1966 to December 31, 1966.

5. To see if the Town School District will approve the budget of the Town School District as submitted by the School Directors and authorize the expenditure of the amounts set forth therein for the support of the Town School District for the period July 1, 1966 to June 30, 1967.

6. To see if the Town School District will authorize to be raised by taxation, the sum of EIGHTY THOUSAND NINE HUNDRED NINETY TWO DOLLARS AND EIGHTY THREE CENTS (\$80,992.83) for the support of the Town School District for the period July 1, 1966 to June 30, 1967.

7. To see if the Town will vote to collect taxes on real estate and personal property in installments, 1/3 on July 10, 1/3 on September 10, and 1/3 on November 10. (Sect. 4871, Title 32, VSA.)

8. To see if the Town will vote for the collection of taxes by the Treasurer. (Sect. 4791, Title 32, VSA.)

9. To see if the Town will vote to authorize the Selectmen to obtain Workmen's Compensation Insurance for the employees of the Town. (Sect. 626, Title 21, VSA.)

10. To see if the Town will vote to defray the expenses of surety bonds where such are required by law. (Section 835, Title 24, VSA.)

11. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town. (Sect. 1783, Title 24, VSA.)

12. To see if the Town will authorize the Selectmen to acquire by gift or purchase land for a municipal forest, to promote reforestation, water conservation and good forestry practices. (Sect. 2407-2408, Title 24, VSA.)

13. To see if the Town will instruct the Auditors of the Town to employ the services of an accountant from the office of the auditor of accounts as provided for in Sections 1692-1697, Title 24, VSA, to conduct an audit of the accounts of the Town.

14. To see if the Town will appropriate the sum of THREE HUNDRED DOLLARS (\$300.00) to be used in cooperation with State and Federal Funds for the control of white pine blister rust within the Town and authorize this sum to be raised by taxation. (Not in budget—Will add approximately \$0.0159 to tax rate.)

15. To see if the Town will vote to establish a reserve fund under the control of the Selectmen, to be known as the FIRE EQUIPMENT DEPRECIATION FUND, to be utilized for the replacement or purchase of major items of fire fighting equipment, as authorized by section 2803, Title 24, VSA.

16. To see if the Town will appropriate the sum of EIGHT HUNDRED DOLLARS (\$800.00) to be deposited in the FIRE EQUIPMENT DEPRECIATION FUND, and authorize this sum to be raised by taxation. (NOT in budget—Will add approximately \$0.0425 to tax rate.)

17. To transact such other business as legally may come before the said meeting at this time.

18. To see if the Town and Town School District will adjourn this meeting until 12:00 Noon, March 1, 1966 to vote on the following matters, to wit: (Polls open for all matters to be voted on by ballot at 12:00 Noon and close at 6:00 P.M.)

19. To elect all necessary Town, Town School District and Otter Valley Union High School District officers for the ensuing term of office. (By ballot.)

20. To see if license for the sale of malt and vinous beverages shall be granted in this Town. To see if spirituous liquors shall be sold in this Town. (By ballot.)

21. To see if the Voters of the Town will approve the ordinance known as the "Town of Pittsford Zoning Ordinance." This ordinance was approved by the Selectmen January 12, 1966. Copies were mailed to the voters of the Town on January 24, 1966. As a result of Public Hearings held on January 27 and 28, 1966 it was amended by the Selectmen on January 28, 1966. Copies of the amendments were mailed to the voters of the Town on January 29, 1966 as Addenda to the Town of Pittsford Zoning Ordinance. Copies of the ordinance as amended are posted in the Town Clerk's Office. (By Ballot.)

22. To vote by ballot on the question: "Shall bonds of the Town of Pittsford in an amount not to exceed NINETY THOUSAND DOLLARS (\$90,000.00) bearing interest at a rate of not more than five per cent (5%) per annum, be issued for the purpose of paying the Town's share of a sewer and sewage disposal plant. (Estimated total cost, ONE HUNDRED EIGHTY THOUSAND DOLLARS (\$180,000.00) provided that this authorization shall not be exercised unless, the foregoing project receives Federal and State approval and receives the resultant allotment of Federal and State funds? (This article is submitted in accordance with Vermont Law requirements as prescribed under Sec. 3614 of Title 24, VSA, as amended.) (By ballot.)

23. To see if the legal voters of the Town will authorize the sale of the Town Hall and surrounding land adjoining the elementary school premises to the Town School District of the Town of Pittsford for the nominal sum of One Dollar and authorize the Selectmen to appoint an agent to execute and deliver a deed for the same. (By ballot.)

24. To see if the legal voters of the Town School District will vote to purchase the Pittsford Town Hall and surrounding land adjoining the elementary school premises for the nominal sum of One Dollar. (By ballot.)

Note: The Selectmen and the School Directors have jointly discussed the matters covered by Articles 23 and 24. Extensive repairs to the Town Hall are necessary. The State will participate to the extent of 30% of the cost, if the Town School District has ownership, and the School will be able to broaden its program if the Town Hall is under its jurisdiction. Even though the School District has ownership it will still be available for Town Meetings and other Town Functions.

Dated at Pittsford, Vermont this 15th day of February, 1966.

ALOF CARLSON,
RUTH L. HENNESSEY,
P. J. PARKER,
PETER D. TERWILLIGER,
EDWARD R. WHEELER,
School Directors.

FRED S. PARKER,
PETER MARKOWSKI,
WILLIAM U. TICE,
Selectmen.

AUDITORS' REPORT AND CERTIFICATE

Your Auditors wish to express their appreciation for the courtesy and cooperation shown by the Town and Town School District officers.

We found a marked improvement in the arrangement of the books this year.

We believe that an improved system of budgeting and accounting is being developed which will expedite the audit in future years. It will also enable the Auditors to present to the people of the Town an analysis of budget operations which will enable us to compare actual operations with planned operations.

The item of clerical expense for the Town Treasurer and Town Manager contributes materially to this improved book-keeping.

With further improvement in the accounting system now in use the Town Official will be able to determine at any time, the financial standing of the Town. Thus available funds may be expended more judiciously in meeting the needs of the Town.

In accordance with Title 24, Sections 1578 and 1681, we have verified the existence of stated balances, inspected all securities and examined the records of the Town and Town School District.

To the best of our knowledge and belief the following financial statements and reports of receipts and expenditures represent the fiscal position of the Town and Town School District as of December 31, 1965 and are an accurate record of the funds handled in the year then ended.

JAMES K. MITCHELL,

JEAN W. GUYETTE,

ROY A. BURROUGHS,

Auditors.

NOTES TO SELECTMEN'S BUDGET

An increase in labor costs, plus participation of the Town in the costs of the new access road has caused an increase of \$700.00 in the budget for the dump.

Other increases in the 1966 Budget, clearly shown in this new format, are deemed essential.

Rising labor costs have necessitated an increase in Summer Roads Budget. The new program started in 1965 of replacing old guard-rails and extensive cutting of brush requires an increase in the Brush, Bridge and Guardrail Budget.

PETER MARKOWSKI,
WILLIAM U. TICE,

Selectmen.

TOWN MANAGER'S REPORT

RECREATION

The Pittsford Recreation Park, as reported on by the Recreation Commission, is one step closer to becoming established. The Park has been tentatively approved under the "B.O.R." (Federal Bureau of Outdoor Recreation) program to receive a government grant for fifty percent of \$3,345.00 estimated cost. Remaining fifty percent of cost will be met by volunteer labor and donations by local groups. People interested in helping with construction, or helping to organize recreation programs should get in touch with Jack Terwilliger or Frank Anderson.

Plans for the Upper Castleton River Project have had to be held in abeyance until the completion of the survey now under way by the Soil Conservation Service.

PUBLIC HEALTH

Free preventive medication was offered last June to avert a threatened scarlet fever epidemic. Radio Stations WSYB and WHWB made no charge for announcing the program. Dr. Henry J. Fregosi made no charge for his time and services in administering the medicine. Sixty children were treated. The number of new cases dropped, and the epidemic failed to develop. The medicine was obtained at the Marble Pharmacy, at a cost of \$66.00 after discount.

WELFARE

Vermont Law places certain liabilities on the Town for the hospital bills of transients and some "legally poor" people taken to the hospital from the Town. Every week the Town receives several notices from hospitals and other towns stating that some person has been hospitalized and that the Town is called upon for relief. The Town Manager has investigated every notice, which can be time consuming as many new-comers are difficult to locate. In the case of former Pittsford residents for whom there may still be a liability, information has to be established regarding their length of residence here, whether or not they received Town Aid while here and where they previously came from. Fortunately, most of these hospital bills have either been paid by the patients, or the Town Manager has managed to establish that some other town or the state is legally liable. However, in some instances there is no question but that the Town is legally liable. In such cases, the Town Manager's only choice is to pay the bill before he gets a court order to do so. Such matters are beyond the

Town Manager's control, and it is for this reason that the hospital expenses were so high for 1965, resulting in a Welfare Department deficit of \$110.94 for the year.

ROADS

Final billing for the Florence Road Project was \$107,483.49. The Federal Government paid \$53,741.75, and the State of Vermont paid \$46,578.49, leaving Pittsford's share at \$7,163.25. In accordance with the vote of last March on Article 13 in the Warning, the Town has paid \$1,000.00 of this amount in 1965. The remaining \$6,163.25 was borrowed, and will be repaid at the rate of \$1,000.00 per year including interest, until the debt shall be completely paid.

The costs of Brush, Bridge and Guardrail in 1965 greatly exceeded our estimates. Emergency Repairs had to be made on two bridges during 1965. Overhead structural timbers on the Depot Bridge knocked out by a log truck had to be replaced. While the work was in progress it was discovered that many slate were missing, and these had to be replaced in order to protect the bridge. The wooden deck of the bridge in East Pittsford had become dangerously rotten. Timbers were obtained at a local mill and treated by the Town Highway crew. Steel guardrail material was furnished free of charge by the District Highway Engineer. We hired the Town of Brandon welder to put them in place. Many trees and brush were cleared from the Corn Hill Road during breaks between winter storms. Guardrails in many parts of town were replaced, strengthened, and creosoted.

SEWAGE DISPOSAL

Advanced Planning was completed at a cost of \$7,800.00, paid for by the Federal Government. This will have to be repaid only if the plan is put into effect, and would then be part of the cost of the whole project.

Total estimated cost of the project would be \$180,000.00. After deducting Federal and State grants, the estimated cost to the users would be \$86,000.00. This would be financed over a twenty year period. Estimated annual cost to the users, for both construction and operation, over a twenty year period, would be between \$50.00 and \$60.00 per family.

FRANK T. ANDERSON,

Town Manager.

VERMONT STATE DEPARTMENT OF HEALTH
ANNUAL TOWN REPORT, 1965

This is a report to the residents of your town describing the health services which have been rendered during 1965 (July 1, 1964-June 30, 1965). These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in town, we make every attempt to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Pittsford:

Attendance at well child clinics	233
Nutrition, dietary consultations to institutions, groups, individuals	22
Pediatric consultations for child health problems	..
Number of children given diagnostic service at hospitals	5
Number of children aided at handicapped children's clinics for speech and hearing, orthopedic, plastic, neurological, cardiac problems	19
Number of children financially aided with hospitalization	..
Number of children served by mental retardation clinics	1
People x-rayed for tuberculosis detection	19
Diphtheria, Tetanus, Whooping-Cough immunizations	124
Polio immunizations (Salk injection or Sabin oral) at clinics	252
Number of water samples tested (private and public supplies)	54
Food and dairy products tested	..
Blood specimens (premarital, prenatal and other)	160

Other laboratory specimens	65
Sanitary inspections, consultations (food and lodging, camps)	101
Water, sewage disposal, public building and other inspections	24
People x-rayed for occupational diseases	26
Hospital and nursing home inspections and consultations	6
Number served by tumor clinics	4
Public Health Nurse home visits	280
Number served by Public Health Nurse visits	79

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,
Commissioner of Health.

TOWN CONSTABLES' REPORT

During the year 1965 the Constables investigated 60 complaints thus resulting in more cases handled this year than any year so far.

Investigated ten complaints of prowlers, two shootings, two complaints of windows shot with B.B. guns, ten investigations and reports covering persons going into service and applying for federal jobs. Also varied and miscellaneous complaints.

All Town Roads patrolled on Halloween.

The School Building and Town Hall were checked weekly or oftener.

HAROLD A. HAVILAND, 1st Constable

JAMES PARKER, 2nd Constable

1965 ANNUAL REPORT PITTSFORD FIRE DEPARTMENT

The Pittsford Fire Department completed its 17th year of operation. Fifty-three calls were answered. The Laundromat fire and the McCrae barn fire were the only fires where any amount of damage resulted.

A breakdown of the calls during the past year were as follows:

Chimney Fires	11	Faulty Oil Burner	2
Car Fires	7	Faulty Wiring	1
Grass Fires	11	Mutual Aid	1
Dump Fires	2	Resuscitator	6
Buildings	3	False Alarms	6
Grease Fires	2	Out of Town	1

A total of eleven calls were answered to extinguish chimney fires. Five of these calls were at homes where we have extinguished chimney fires before. Chimney cleaning by the homeowner would eliminate many chimney fires. Yearly inspection of chimney by all homeowners is recommended by this department. We have found many chimneys unsafe and dangerous to the homeowner, as well as the fireman, who has to work near or on the chimney during a fire.

Eleven calls to fight grass fires were answered during the year. Most grass fires are caused by careless burning of trash or grass. Always be sure to burn trash in safe containers, and watch the fire until it is out.

When burning brush or grass be sure to check with your Fire Warden. Permits are required outside of the village limits.

A Note of Interest:

According to the report of the Fire Marshal's Office during the period from July 1, 1964 to June 30, 1965, Pittsford had the lowest claims paid for fire loss in the state.

Recently we have made several changes on our fire call cards. If you do not have a new card, notify the Fire Chief.

The Nickwackett Hose Co. is planning to build onto the fire station in the very near future. Money for this program will be raised by various fund raising projects. Your support will be appreciated.

This year the 1959 Pumper truck will be paid for in full.

Also, in the warning, you will note an article, which requests that a Fire Equipment fund be set up under the direction of the selectmen. This fund would be separate from the regular Fire Department funds, and would be used for the purchase or major repair of fire trucks. This department requests your support on this article.

An explanation of The Nickwackett Hose Co. and The Pittsford Fire Department:

The Nickwackett Hose Co. is the social organization of The Pittsford Fire Department. The Pittsford Fire Department is comprised of members of The Nickwackett Hose Co. The Nickwackett Hose Co. elects the working officers of The Pittsford Fire Department. (Chief, Assistant Chief and two Captains.)

These officers recommend the spending of the Town Tax money to the Town Manager and Selectmen. All operating expenses are authorized by the Chief, Town Manager and Selectmen.

In the past The Nickwackett Hose Co. has raised money to build the fire station, which is now valued at \$8,000.00. They have also bought a \$400.00 generator, bought our forest fire truck, paid for part of our emergency truck and bought various other pieces of equipment. These were purchased without the aid of tax money and given to the Fire Department.

Officers of The Pittsford Fire Department are:

Chief, Jack Barnard
 Assistant Chief, Edward Wheeler
 Captain, Robert Sird
 Captain, Robert Hemple

Officers of The Nickwackett Hose Company are:

President: Joseph Kamuda
 Vice President: Peter Terwilliger
 Secretary: Donald Rantanen
 Treasurer: Lewis Latuch

We respectfully submit our budget for 1966 for your approval.

JACK BARNARD, Chief

REPORT OF FOREST FIRE WARDEN**1965**

There were four forest fires this year at the cost of \$1,189.57.

The citizens of the Town are reminded that "Permits to Burn" are required at all times except when snow is on the ground at all locations which are within 200 feet of inflammable plant material which touches or adjoins woodlands.

Burning can be done at any time without a permit in an incinerator approved by the FIRE WARDEN and the FIRE CHIEF except when BAN is on.

Anyone wishing a permit may call 483-2348 and I will be glad to give him a permit if possible.

JOHN F. KEITH,

Fire Warden.

REPORT OF THE MACLURE LIBRARY ASSOCIATION

A recent inventory of books at the MacLure Library shows that there are 7,415 books available for circulation. During the past year a total of 19,840 books, pamphlets and periodicals were circulated; an increase of 575 over the previous year. A total of 2,884 books were borrowed from the Regional Library Bookwagon for the use of patrons of our library. Some 335 new books were added to the library's collection, either as purchases approved by the Book Committee or as gifts from friends of the library.

The children's summer reading program was very successful with 75 children participating. Each child received a United States map and was awarded a coupon of one state for each book read. Seventeen children read the required fifty books to receive a completed map.

A story hour program, held during July and August, had an average attendance of fifty children. Miss Irma Phillips conducted the program during July and Mrs. Fern Wright and Mrs. Nancy Kelly carried on the program during August.

Lothrop School classes are coming to the library on Mondays and Wednesdays for instruction in the use of the library in connection with their school work. This program has been expanded so that each class at the Lothrop School benefits from it; and we are grateful to the librarians, the teachers and the School Board for its success.

We gratefully acknowledge the gift of magazine subscriptions from Mrs. Maurice Wheeler, Mrs. Christine Frost, Mrs. Palmer Jenkins, Our Lady of Fatima Sodality, Brandon-Pittsford Rotary Club, Miss Alice Wimett and the Rutland County Humane Society.

We appreciate gift books received from Mrs. Peter Honsberger, Mrs. John B. Cadwell, Vermont Historical Society, Jack M. Terwilliger, Mrs. Joseph LaCombe, Mrs. Margaret Pike, William Harris, State of Vermont, Miss Carmelita McCahill, Mrs. Minnie Cadwell, Mrs. E. W. Hammond, Chester Chapin, Miss Alice Wimett, Miss Doris Champine, Free Public Library Service, Mrs. R. J. Whitney, Fred S. Parker, David Willis, Rev. M. E. Hazzard, Miss Mary Crahan, Senator Winston Prouty, and Bald Peak Homemaker 4-H Club.

We acknowledge with thanks books given as memorials by:

Miss Elinor Pike in memory of Harry Pike.

Mrs. Stephen Belcher in memory of the Colburn family.

Mrs. Katherine McKenty, Scarsdale, N. Y., in memory of
Doctor Walker.

The following books are needed by the library and donations
will be appreciated:

War and Peace—*Tolstoi*

Mr. Lincoln's Army and Glory Road—*Bruce Catton*

Oxford History of the American People—*Samuel E. Morrison.*

Six new members joined the association during the year.
Any citizen of Pittsford is eligible for membership on payment of
a lifetime fee of \$5. We solicit YOUR membership.

PITTSFORD RECREATION AREA

The Pittsford Recreation area is about to become a reality. After a long period of negotiations we received a ten year lease to the property (approximately 32 1/2 acres) for \$1.00 per year, from the Vermont State Department of Administration. On December 8th, 1965 the Department of Administration approved our plans and specifications for the area and granted permission for us to go ahead with the construction of the recreation area.

During the summer months a group of men cleared the swimming pool area, cutting hundreds of alders and many stunted pine trees. We were assisted in the hauling and burning of the trees and brush by a group of teen-agers. Now we are ready to begin actual construction, and hope to have swimming and baseball facilities in operation this coming summer.

A Recreation Committee is now being formed, which will include leaders of the present so-successful Swimming Committee and leaders of the Little League Baseball Committee which has also been so successful. We will include girls' softball in the new program.

The recreation program will include swimming, baseball, softball, fishing, picnic areas with fireplaces, rest room facilities and many more activities if all goes well and if public support is forth-coming.

The Pittsford Junior Chamber of Commerce has been raising money for this project and is still adding money to our treasury through their fine efforts. We are very grateful to the "J. C's." for their valuable assistance and promise of their cooperation in the recreation program as one of their projects. We expect to build a complete recreation area without using any tax appropriation.

We do hope that the voters appropriate again, the \$400 for a 1966 program of instruction to be used at the new swimming pool or at Lake Dunmore if the recreation pool is not ready for this coming season.

Respectfully submitted,

JACK M. TERWILLIGER, Chairman
PATRICK J. CANDON, Co-Chairman.

Submitted by PATRICK J. CANDON, Treasurer		

Beginning on July 12th the 6th annual 10-day swimming program for Pittsford children took place at Branbury State Park, Lake Dunmore, under the skillful instruction of Miss Gail Boyle, financed by the Rutland County Chapter of the American Red Cross. Transportation and incidental expenses, as noted above, were covered by the 1964 appropriation. Other costs (5-cent daily basket charge, 25-cent daily park fee for adults and high school children) were met by the participants in the program.

Total registration was 135. Of the 128 children taking final tests, certification was achieved by 26 Beginners, 21 Advanced Beginners, 15 Intermediates, 10 Swimmers, 6 Junior Life Savers.

As in previous seasons the committee found community cooperation impressive. Special thanks go to Miss Boyle, Mr. Harry McKinlay (bus driver), and to a number of parents whose generous contributions of time and effort made efficient management of the program possible, notably Mrs. Arthur Beriau, Mrs. Lowth Candon, Mrs. Delbert Flood, Mrs. Harold Haviland, Mrs. Lee Roberts, Mr. Richard Sweet. Appreciation is extended also to the Red Cross, State Park personnel, the

School Board, the tax payers, and all the parents who performed chaperone duties and other acts of encouragement. As always, the prevailing attitude of the children was highly commendable.

Your attention is invited to the report of the Pittsford Recreation Committee. We are pleased with this project and endorse it unanimously. We urge that every effort be made to put the pool into use for the current season. We also urge a \$400 appropriation for a 1966 program of swimming instruction to be conducted at the local pool (or at Lake Dunmore if unforeseen events delay completion of the pool). With Pittsford on the threshold of such an exciting recreational development we anticipate from our whole community many helping hands and gestures of goodwill.

GOODNOUGH DISTRICT WATER PROBLEMS

At the discussion of this water problem Wednesday evening January 28, 1964, the Village trustees explained why the present water service would have to be discontinued by August 1, 1964, and offered five solutions which would take the place of the present system and provide water for the future. These 5 solutions are as follows:

I. For an estimated cost of \$6,000.00 for the whole new line, plus \$30.00 for a meter for each connection, replace the present line with a 2 inch line with shut-offs and meters, all at the users' expense.

- A. The line would be owned and maintained by the users.
- B. It would be below frost line.
- C. It would conform to Village requirements.
- D. Pay water rent twice a year.
- E. Get a contract with Village to furnish surplus water as follows:

1. Village would have prior call on water but surplus water would be available to others without any agreed priority between them.
2. Contract for 15 years.
3. No liability on Village for:
 - a. Shortage of water
 - b. Quality of water—meaning that water would be delivered at this point the same as it is delivered at Proctor and if any further treatment is needed it would be responsibility of the users. At present the water is chlorinated and Fluoride added.
4. Rates may be changed to assure adequate return to Village, as trustees decide.
5. No new customers to be added without written consent of Village and payment to present owners of a pro rata share of the cost of the line.
6. Village will repair and replace meters due to normal wear and usage but not for abuse or other cause, such as freezing, etc.
7. Water will be shut off on all delinquent bills 30 days past due with charge for shutting off and opening again.
8. Rates will be as follows:

Minimum charge Jan. 1 \$10.00, July 1, \$11.00

Water Rates: 15¢ per 100 cu. ft. first 25,000c. ft.
 12¢ per 100 cu. ft. from 25,000
 to 50,000 cu. ft.

(It is expected the minimum rates will cover a number of the users.)

II. Put a meter on at the present take off on the main line.

- A. One person would pay the water bill each 6 months and he in turn would collect from the others.
- B. Present line would be used.
- C. Village has priority on water, only surplus is available.
- D. No liability on Village for quantity or quality of water.
- E. Rates may be changed by Village.

- F. Rates to be 15¢ per 100 cu. ft.
- G. No new customers to be added.
- H. Water to be shut off if payments are in arrears, but in such case, if temporary, a faucet near the meter at the main line may be used.

III. Contract with the Pittsford Aqueduct Company to bring water in from their main which now runs to houses north of Fredetteville.

- A. Connect to present line
- B. Install new 2" line as in I above
- IV. Each water user drill his own well.

- A. Cost of drilling
- B. Cost of pump
- C. Cost of upkeep and power
- D. Quantity of water
- E. Quality of water

V. Connect onto one or more springs with the same expense items as in IV above.

It is noted that the rates presented are about in line with City of Rutland rates.

On a 20 family basis the estimated cost would be \$330.00 per family to have a new 2" fully equipped line.

One contractor appears willing to take this contract as soon as the money is available.

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS:

That I, one of the undersigned, of Pittsford, in the County of Rutland and State of Vermont, do by these presents hereby make, constitute and appoint FRANK ANDERSON of said Pittsford, my true and lawful Attorney in Fact, for me and in my behalf, in connection with the "Goodnough District" waterline project, and as herein provided

1) To collect and commingle funds for said project, to deposit the same in Proctor Trust Company in his name as agent for "Goodnough District" water project, and to withdraw and disburse the same to the contractor for the project on the basis of eighty (80) percent weekly of the linear feet in place, completed, inspected and approved, payable on Tuesday of the following

week, with the retained twenty (20) percent payable within thirty (30) days after completion and final acceptance of the project

2) Upon deposit in Proctor Trust Company of the full amount of the contract price, to negotiate, enter into and execute a contract for a two inch (2") water line for said project in accordance with specifications to be provided, on the basis of the lowest of three (3) bids on the specifications from competent contractors selected for their experience in this field of work and for the price provided herein.

3) To approve and accept an agreement from the VILLAGE of PROCTOR for surplus water, for twenty-five (25) years, on the basis of the new line operating suggestions of Village of Proctor dated June 29, 1964, following the January 28 meeting.

4) To give receipts to all contributors for the amount of their contribution.

5) The line shall have not more than twenty (20) taps including mine, to take care of the present users, and I hereby agree to contribute, and do contribute the sum of Three Hundred Dollars (\$300.00) for the line plus Thirty Dollars (\$30.00) for my meter, the meter to be installed on completion of the line at my expense—(we, however, William Fredette and wife, agree to assume and pay the difference between the aggregate of the \$330.00 contributions and the contract price).

6) This Power of Attorney is upon the condition that the contract for said project shall be entered into for not more than the funds on deposit from the contributors. If for any reason such a contract cannot be entered into on or before July 15, 1964, my said attorney, Frank Anderson, by accepting this trust, hereby covenants and agrees forthwith to withdraw and return to me my full contribution, for which I will give him my receipt.

7) My contribution shall be the \$330.00 herein specified or one-twentieth (1/20th) of the contract price, whichever shall be lower (except we, the Fredettes) and any balance of my share shall be paid over to me when the cost of the project is paid in full.

8) Granting and giving to said Attorney in Fact, full authority and power to do and perform all other acts necessary or incident to the performance and execution of the powers herein expressly granted, with power to do and perform all acts author-

ized hereby, as fully to all intents and purposes as the grantor might or could do if personally present.

9) A copy of this Power of Attorney shall be delivered to the Pittsford Town Clerk and by him made available upon request, to each subscriber, for his inspection.

IN TESTIMONY WHEREOF, I have hereunto set my hand and seal, as of June 30, 1964.

GOODNOUGH WATER DISTRICT

The Goodnough Water District comprises those residents living near the former Goodnough School. Some sixty years ago a number of families in this area installed a water line, supplied from springs in the Steven's Hill section. When this arrangement proved inadequate, the line was connected to the Village of Proctor water main which passed nearby. This original main line, of 3/4" pipe was rusted beyond repair. In January 1964, the Village of Proctor notified Goodnough residents that water service would have to be discontinued by August 1, 1964, unless a new 2" water line was installed, at the user's expense.

Several meetings were held by the residents, with no agreement on the best course of action. At this point the Selectmen requested the Town Manager to assist in finding a solution. First it was determined that the users were legally responsible for the cost of the new line. The Town Representative checked this with the State Public Service Commission and the Selectmen checked with the State Board of Health. At a meeting of the Goodnough residents, the Town Manager was appointed Agent, and given power of attorney to act for them as the Goodnough Water District. Bids were solicited, and financial arrangements were made. About one-third of the families in the district were unable to raise the money necessary. The Town Manager located a Federal Agency that covered these shares with a federal grant. This enabled all the families to have water, and kept the share at \$330.00 per family. Should the project have been limited to those able to pay, the cost would have been \$495.00 per family. The homes without water service would have lowered property values for the whole area. The contract was awarded to the lowest bidder, Mr. Leo McGee. Mr. McGee made the installation, with Mr. John Keith digging the ditches.

*Because of adjustments on Federal Grants this exceeds by \$2.50 the amount of 18 payments at \$330.00 each, or \$5,940.00.

During construction of the line, one family moved their mobile home away, and another family arranged to get their water without using the water line. The Town Manager was unable to find anybody who would buy a new connection to the line. Thus the costs had to be divided by 18, rather than the original 20. With 20 families sharing the costs, a refund was expected. With only 18 families sharing the cost, there was a deficit. The Town Manager got the supplier of the meters and the Surveyors to reduce their bills, so that no additional amounts had to be collected from the users. There was no charge to the users for the legal advice for drawing contracts, etc., or for the time of the Town Manager. The cost of this project compares favorably with the cost of similar projects in some other communities.

AGREEMENT OF TRUSTEES OF VILLAGE OF PROCTOR TO FURNISH SURPLUS WATER TO SO-CALLED “GOODNOUGH DISTRICT WATER LINE”

WHEREAS, there is at present a surplus of water for the Village of Proctor Water system which is needed by the Goodnough District Water users, hereinafter called “Village” and ‘Goodnough’ respectively; and

WHEREAS, it is the desire of both parties to make the surplus water available for use to Goodnough, if and when a new water line is properly installed and metered by Goodnough;

NOW, THEREFORE, upon completion of said line to satisfaction of Village, Village will furnish surplus Village water to Goodnough for a period of twenty-five (25) years from September 1, 1964, upon the following terms and conditions:

1. The new line is to be completely installed at the expense of Goodnough in accordance with the proposed plan, specification and contract as submitted by Village to Frank Anderson, attorney for Goodnough.

2. A maximum of twenty (20) service connections shall be made to present users of old line unless differently agreed in writing from time to time by the owners of the line and the Village; there shall be no side taps to other users.

3. All services shall be metered at the expense of the user of the service at the place and in the manner required by the Village.

4. All normal wear and tear of expense of meter repair will be borne by Village.

5. All expense of repair, keeping in operation and replacement of the water line will be borne by the owners.

6. Initial water rates will be as follows:

15¢ per 100 cu. ft. of water for first 25,000 cu. ft., with minimum charges Jan. 1, \$10; July 1, \$11.

12¢ per 100 cu. ft. for second 25,000 cu. ft. up to 50,000 cu. ft., 10¢ per cu. ft. thereafter and subject to restriction on volume.

7. All past water bills to be paid in full before water service is turned on to a user and water will be shut off if payments or other charges are in arrears thereafter for 30 days and for persistent failure to cooperate in meter reading. The expense of shutting off the water and turning it on shall be borne by the users.

8. Village has priority on water supply. There shall be no liability on Village for shortage of water or pressure.

9. Goodnough assumes full responsibility for the quality of the water, the obligation of the Village in this respect is limited to delivering to the Goodnough line the same quality of water that

is in the Village main, and Goodnough agrees to accept the water as delivered and to indemnify and hold Village harmless from any and all claims against the Village by Goodnough users or others, and to reimburse Village for all attorney fees and expenses in connection with any such claim or claims.

10. Village may change water rates from time to time prorata with change of Village rates or expense due to line.

11. The purpose of this agreement is to see that all former users of the water line are permitted to have this new service. Those former users who do not tap on immediately, shall have the right to tap on later by paying their proportionate part of the cost. Such payments shall be distributed among Goodnough users at the time in proportion to their contributions, after each user has contributed the same amount, so that those contributing the most shall be paid their excess payments first.

12. All things being equal at the end of this 25-year term and harmonious relations having been maintained during the term period, it may be assumed the successor trustees of the Village at that time will be willing to extend this agreement for a like term, but this is for determination at that time.

13. This agreement may be amended with the written consent of the Village and two-thirds of the number of metered users, as well as by the specific change authorized above.

In witness whereof this agreement has been duly executed this 25th day of June, 1964.

PITTSFORD TOWN SCHOOL DISTRICT**Pittsford, Vermont**

We hereby submit the 1965 School Directors' Report to the Town School District.

An Art Program was initiated for the second semester at the Lothrop School. We intended to participate with several of the other school districts within the Supervisory Union but this program did not materialize. The school board engaged the services of Mrs. Margaret Armitage to conduct our own program on a two day a week basis. Each room receives instruction once a week for 45 minutes from Mrs. Armitage. This program is designed to permit creative expression on the part of the children in a variety of media. It also hopes to develop within the children an appreciation of the natural beauty within the world around them. Some may choose to follow careers related to Art as a result of this exposure. The program has been well received by the children and the staff. Its impact will be felt in years to come.

As a result of the Elementary and Secondary Education Act passed in the last session of Congress, Pittsford was able to implement a Non-Graded Class under the direction of Mrs. Elizabeth Moran. This new program is designed to help children who are having academic difficulty by individualizing their programs within a small class situation. The emphasis is placed upon working with them at their instructional level and bringing them along as fast as possible. The goal is to return the child to his normal room as soon as he is able to function effectively at that level.

The Pittsford Board is cooperating with the other school districts of the Rutland Northeast Supervisory Union in other programs under the same Act. It is hoped that through cooperative action, we can provide Elementary Guidance, Remedial Reading Instruction, and vastly improved Library—Audio Visual services to our children and teachers. These programs are fully subsidized by the federal government. We are taking full advantage of the opportunity to strengthen and enrich our program.

Due to action taken by the last Legislature, our present salary schedule was obsolete. We adopted a salary schedule which will permit us to reward our present staff for their many years of faithful service to the district and at the same time remain competitive in recruiting replacements when necessary. This schedule has been adopted by nearly every district within the Supervisory Union and is under consideration by the others. The schedule does provide for salaries somewhat lower than Rutland or Middlebury but in line with those elsewhere in the state. We do hope to be able to remain in a favorable position.

We wish to express our appreciation to those who have aided us in making this a good year. Every decision is made in terms of its effect on the education of our children. We have a system of which we can all be proud.

Respectfully submitted,

**ESTIMATED COST OF OTTER VALLEY UNION
HIGH SCHOOL DISTRICT NO. 8 TO
PITTSFORD TOWN SCHOOL DISTRICT**

The Otter Valley Union High School Board has informed the Pittsford School Board that they intend to submit a budget to the Union District which will require member districts to raise \$420,027.11. Brandon Town and Sudbury have voted to apply for membership for their seventh and eighth grades. Leicester will vote on the same question at their annual school district meeting. The budget is designed to accommodate these additions and the pro-rating of the assessment is based upon favorable action by the Union School District and the Leicester School District. Adjustments would have to be made in the event the situation changes.

FREDERIC DUCLOS BARSTOW MEMORIAL SCHOOL

Your school board had a busy year in 1964-65.

First and foremost of the year's accomplishments was the construction, dedication and use of the new eight-room addition to our school. After your approval at the 1964 town meeting, plans were made and construction started in September of 1964. The building was approved and accepted in July of 1965 and dedicated to use on October 10, 1965. The continuing generosity of the Barstow Foundation is acknowledged and deeply appreciated.

We of the school board feel that we are fortunate indeed to be residents of towns so favorably endowed. The generosity of the Barstow family continues through the New York Community Trust under the leadership of Mr. Ralph Hayes. Let us at this time review the many roles that the Barstow family has played in giving the towns of Chittenden, Mendon and East Pittsford one of the finest schools in the state.

The Frederic Duclos Barstow Memorial School was built by Mr. and Mrs. William Barstow of Great Neck, Long Island, in memory of their son, Frederic, who settled in Chittenden after returning from World War I. During the years he spent there he became deeply interested in the welfare of the community, particularly of the young people, and helped many through high school and college.

Therefore, after he died at the early age of 36, his parents continued to carry out his wishes by building the original school at a cost of \$110,000.00 and setting up an endowment for its maintenance. This building was dedicated in July 1933. In 1962, with a census of 230 pupils we became acutely aware of the need for expansion. Plans were formulated for an eight-room, two-story addition at an estimated cost of \$250,000.00. Of this figure Mendon was to have paid \$2,500.00 annually for 20 years or about 30 cents of the grand list of 1962. Actually the total cost of construction, including several improvements on the old building, amounted to \$267,782.08. The New York Community Trust has absorbed the additional construction costs and is

returning the \$2,500 annually (\$5,000.00 for the three towns) in the form of scholarships to Barstow graduates. We are thankful for our building, our annual endowment of \$20,000.00 and for our scholarship fund.

An ungraded class has been started to help those students who have missed school because of illness or otherwise are having difficulty keeping up with their work in one or more skill areas. Mrs. Hanna of Chittenden was hired and the program started January 17, 1966. This program has been entirely paid for by Title #1 funds of the Elementary and Secondary Education Act. The goal of the program is to bring the child back up to his proper grade level through individual instruction.

A kindergarten which will have an enrollment of approximately 35 has been approved and Miss Nawrath hired as its teacher. This program is to start February 7th and will also be paid for by Federal Funds under Title #1, along with Headstart Funds.

Departmentalization has been continued and expanded. Art (Miss Greeno) and French (Mr. Blaisdell) continue to be taught and a physical education program is being considered for next year. Two new teachers for the grades were hired this year. Mrs. Pike is teaching grade 2 and Miss Cillo teaching split grades 3 and 4. Both are 1964 Castleton graduates. Total enrollment for 1966-67 is expected to be 317. The average class enrollment is 22.

A salary schedule has been approved which should enable the school board to be competitive in its search for good teachers.

Mr. Lloyd Kelley, our new district superintendent for the Northeast District, has continued to guide the board as its problems become more numerous and complex.

The accounts of the school were audited by P. F. Jurgs Co. of Burlington and all accounts were found to be in good order.

Lathrop Graded School Program

January 10, 1966 MARY M. GREENO, Agent

AUDITORS' REVIEW OF SCHOOL ACCOUNTS

The Town School District accounting year runs from January 1st until December 31st. This is the period for which the Town Auditors examine and settle the School Accounts.

At Town Meeting however, we vote taxes for the school operating year which starts the following July 1st and extends to the next June 30th.

Thus on December 31st of each year the School District should have on hand an unobligated balance which together with anticipated revenue, should be sufficient to operate the schools until the next June 30th.

A summary of school financial operations for the period January 1st, 1965 to December 31st, 1965 follows:

For a proper comparison of the proposed budgets in this report for the school operating year July 1st, 1966—June 30, 1967, with the corresponding figures in last year's report for the school year July 1st, 1965—June 30, 1966 the following comments are included.

The figures submitted by the School Directors at March Meeting, 1965 were based on the previous year's allotment of State Aid.

At the time of March Meeting the Legislature was considering an increased appropriation for State Aid. Consequently the voters accepted the proposed budget with the provision that the school tax be reduced by the amount of additional State Aid received.

As a result of this action the amount to be raised by taxation as shown by the "Proposed Budgets" on page 2 of the Town Report dated December 31, 1964 are changed approximately as follows:

	Proposed Budget Town Report 1964	Actually Raised By Taxation 1965	Percentage Grand List
Lothrop	\$77,596	\$70,701	\$3.76
Otter Valley	135,010	129,568	6.89
			<hr/>
			\$10.65

The amounts to be raised by taxation in the proposed budgets to be voted on at March Meeting, 1966 are as follows:

	Amount	Percent Grand List
Lothrop	\$80,992	\$4.31
Otter Valley	128,185	6.82
		<hr/>
		\$11.13

Comparative Totals of Taxation, State and Miscellaneous Income are as follows:

	Lothrop	
	1964	1965
Taxation	\$70,701.00	\$80,992.00
State Aid	42,095.00	47,931.00
Miscellaneous	2,990.00	1,432.00
	<hr/>	<hr/>
Totals	\$115,786.00	\$130,355.00
	Otter Valley	
Taxation	\$340,249.00	\$380,956.00
State Aid	34,442.00	39,071.00
	<hr/>	<hr/>
Total	\$374,691.00	\$420,027.00

The above comparisons have been calculated in even dollars.

Attention is invited to the fact that inadvertently the Lothrop teachers were not paid in full as of June 30th, 1965.

Had they been paid the School District would have completed the year with a nominal deficit as follows:

Unobligated Balance		\$7,637.60
Current Assets—School Rent	\$256.00	
Transportation	1,431.50	
	<hr/>	1,687.50
Total		<hr/> \$9,325.10
Deferred Salaries		9,491.71
		<hr/>
Deficit		\$166.61

The Town School District should be able to make this payment during the current school year ending June 30, 1966. Thus this obligation which has been carried over for years should be finally closed out.

NOTES:

Grand List The Town Grand List consists of the Property List and the Poll List. At March Meeting, the money

Tax Rate: necessary to support the Town and the Schools is voted. The tax rate is then determined by dividing the total sum appropriated at March Meeting, by the total of the Grand List.

Property List: The figures shown on the property list which follows, represent 25% of the fair market value of the real and personal property as determined by the listers as of April 1, 1965. This figure is entered on the Grand List at 1/100th of the amount shown.

Property Tax: The property tax of individuals and corporations is determined by multiplying their Grand List amount by the tax rate.

Poll List: Each individual is entered on the poll list and the Grand List at \$1.00.

Poll Tax: Poll Tax thus amounts to the Town tax rate plus the State Old Age Assistance tax of \$5.00 assessed on each poll.
